Underground A-Test Jolts Mississippi; No Damage

BAXTERVILLE, Miss. (UPI)—A nuclear device was triggered deep beneath a scrub pine rural area near here today, sending out window rattling shock waves that rocked automobiles more than four miles away.

The blast, one fourth as powerful as the bomb that devastated Hiroshima, Japan in World War II, followed by less than a week the explosion by Communist China of a nuclear device.

Today's test was the first in a series designed to improve U.S. detection of underground nuclear testing.

At Mobile, Ala. a seismograph at Spring Hill College detected the blast. Other stations around the world were monitoring it.

Father Louis J. Eisele, seismologist at Spring Hill College, said the explosion knocked one needle off the chart of the measuring devise.

"The disturbance was of a large magnitude," he said.

Baxterville is slightly more than 100 miles from Mobile.

The ground rose and fell about four inches at "Ground Zero," a sandbagged instrument cluster topped with a pole and a confederate battle flag waving in the breeze.

Buildings were rocked at Baxterville and cars shook at an observation post 3.5 miles from the blast site.

The Atomic Energy Commission (AEC) announced the explosion caused only "minor damage" to structures, however, and that radioactivity was confined underground.

About 400 persons had been evacuated in the area surrounding the test site.

About an hour after the explosion Dr. Phillip Randolph, technical director of the project named Dribble, said "everything has apparently gone well." The AEC said residents who were evacuated could move back into their homes later in the day.

W. C. Pickering, manager of a warehouse at Baxterville 4 miles away, said he was sitting in his office when the blast went off.

Pickering said there was a "boom, a shock and then another shock" and the third wave knocked pipefittings and other oil field equipment off shelves in the warehouse, scattering them around the floor.

"It was much more vibration than we were led to believe," he said. He told newsmen at the observation post he was worried about his cows.

"I've got some cows within about a mile of the explosion," he said, "I'm afraid they might have gotten scared and run into something."

The blast sent up a cloud that resembled a large puff of smoke over the site. There was a noticeable jolt at the observation post and one seismograph machine was jolted so hard it fell off its stand.

Someone scribbled a sign over the spot where the five kiloton device was planted 2,700 feet beneath the surface. It read: "The South Will Rise Again."

U.N. Leader Calls For Five-Power Nuclear Summit

U Thant Also Urges Soviets To Lift Wraps On Khrushchev

UNITED NATIONS (UPI)—Secretary General U. Thant called today for a nuclear conference of the United States, Russia, Britain, France and Communist China.

At a news conference, Thant also said he believed deposed Soviet leader Nikita S. Khrushchev should be permitted to "make a public statement on the circumstances of his exit" from power in Moscow.

He said he knew personally both Leonid E. Brezhnev and Alexei N. Kosygin, Khrushchev's successors in Kremlin power, and believed there would be no major change in soviet foreign policy.

"Perheps there is a possibility of a change in emphasis," he said.

Thant said Communist China's nuclear explosion last week was both "deplorable" and "regrettable" in view of U.N. resolutions condemning all such tests.

"I feel that it could be very worthwhile if attempts were made to have a dialogue between the United States, the Soviet Union, the United Kingdom, France and the Peoples Republic of China, perhaps sometime in 1965.

Thant said, however, that he would not sponsor such nuclear talks.

"I am not authorized by any organ of the United Nations to initiate such a step," he said.

Thant said he saw no possibility of avoiding a confrontation of the United States and Russia on the Soviet Refusal to pay its U.N. peace-keeping debts. The United States insists the Kremlin should lose its General Assembly vote under charter regulations because of its debt to the United Nations.

A financial showdown is expected when the assembly meets in its twice-postponed 1964 session, presumably on Dec. 1.

Hoover Rites Hush Campaign Clamor

NEW YORK (UPI)—The great and the near great and politicians of both parties gathered here today for private memorial services for former president Herbert Clark Hoover at St. Bartholomew's Church.

Rep. William E. Miller, Republican candidate for vice president was the first of the major candidates to arrive for the 1:30 p.m. PDT service. President Lyndon B. Johnson and his GOP opponent for the presidency, Sen. Barry M. Goldwater, and Democratic vice presidential nominee, Sen. Hubert H. Humphrey, arrived later.

Former President Dwight D. Eisenhower had planned to attend but announced that an "acute attack" of laryngitis would keep him at home in Gettysburg, Pa. Former President Harry S. Truman, convalescing in Independence, Mo., will be represented by his daughter, Mrs. Clifton Daniel.

Hoover, 31st President of the United States and a world-renowned humanitarian, died here Tuesday at the age of 90.

A steady flow of mourners passed through the church this morning to view Hoover's bier, but there seemed slightly fewer than yesterday when an estimated 17,500 persons from every strata of life paid their respects. The church was closed to the public during the by-invitation-only memorial service.

Wreaths from many prominent persons and organizations were added this morning to the white chrysanthemums sent by President and Mrs. Johnson. There were tributes from King Baudouin of Belgium, Eddie Rick-

No Bids For School Site Sale

The third attempt of the State Division of Highways to sell the Grant School property in Novato failed when no one offered the minimum bid of $175,000 today.

The state had twice before offered the 109,211 square feet of property for sale, at minimum bids of $210,000, then $197,000, both times with no bidders.

The division of highways acquired the property at Highway 101 and Grant Avenue when it planned to widen the present highway route for a freeway. After the freeway route was changed, the property was declared surplus.

Tip From Bus Station Leads To Discovery Of Runaways

A tip from a bus station in Sacramento led to the discovery of four 13-year-old San Rafael girls at Tahoe last night.

The four, devoted Beatle fans, ran away from home Friday, soon after classes at Davidson Junior High School.

San Rafael police yesterday received word from Sacramento police that four girls were seen in a Sacramento bus station Friday getting on a bus for Tahoe.

Police relayed this information to the parents. One of them, Kenneth Moser of 107 Humboldt Street, father of Suzanne Moser, took recent pictures of the four to law officers in Tahoe yesterday.

Last evening, California Highway Patrolman W. E. Lefever spotted a car without lights driving through Bijou on the south shore of the lake. When he took the four occupants to the El Dorado County sheriff's substation at Al Tahoe, they were recognized from the photos.

All of the girls were returned to San Rafael today. Others are Carroll Hubbell, daughter of Mr. and Mrs. John Hubbel of 40 Knoll Road; Shirley E. Best, daughter of Mr. and Mrs. Neil T. Best of 179 Tamal Vista Drive, and Dixie Jo McEnery, daughter of Mrs. Maxine McEnery of 2124 Fourth Street.

Two of the girls had reportedly tried to get jobs in the Tahoe

Mill Valley Wins New Annex Hope

Opponent Threatens Lawsuit

By FRANK FARRARA

Mill Valley today overcame the first hurdle in its move to annex 37 acres of adjacent lands, but there were indications that an injunction will be filed to halt the move.

After hearing legal arguments this morning the Marin County Local Agency Formation Commission ruled that it would hear Mill Valley's case for annexation.

After the decision, attorney S. J. Hugh Allen told the commission "legal proceedings will take place."

SIMILARITY CLAIMED

Allen, representing George Leo Zaro, owner of land in the area proposed for annexation, contended that the matter should not be considered by the commission because it is "substantially the same" as the annexation denied by the commission in May.

Under law the commission cannot accept a petition for annexation for one year if it is the same or "substantially the same."

The area proposed for annexation includes Tamalpais High School and the business area along Highway 101, and includes doughly half of the annexation area turned down in May.

OTHER SIDE

Leland H. Jordan, city attorney for Mill Valley, argued that the area is not the same since it does not include the area of controversy in the last annexation, Tamalpais Valley and the Shoreline Highway business area.

The commission will have a hearing on the merits of Mill Valley's case Nov. 5 at 8 p.m. at the Civic Center.

During the legal discussion, county counsel Douglas J. Maloney said the question of what is "substantially the same" is not yet determined by the courts.

ALTO PLEA

Proposed incorporation of a City of Alto also was brought into the proceedings. Attorney Joseph Forest, representing Alto property owners, said the commission should halt all action on the Mill Valley annexation 90 days because the notice of intention to incorporate was filed

Annexation Of Ranch Proposal Voted, 3-2

The Marin County Local Agency Formation Commission today approved annexation of 208 acres of the Fagundes Ranch to San Rafael.

Annexation of the uninhabited ranch land, south of Lucas Valley Road and east of Highway 101, will virtually encircle the Terra Linda Community Services District.

The vote was 3-2, with Commissioners Byron W. Leydecker and Jan Paul Dyk voting against annexation.

The land is scheduled to be developed as a subdivision by Permabilt Homes Inc. of San Leandro, applicant for annexation.

Melvin Warenback, president of the Terra Linda Community Services District, and Jack Brandon, chairman of the Terra Linda Recreation and Parks District, opposed the annexation. They suggested that plans for the entire Las Gallinas Valley be considered before permitting it.

Brandon suggested the district and the City of San Rafael could get together and solve problems before annexation of the area is undertaken.

Dyk said he felt the annexation would be an injustice to the people of the Terra Linda Community Services District and in the long run they would be opposed to annexation to San Rafael.

Leydecker said the entire area "ought to be in San Rafael" but annexation now of the Fagundes ranch land, creating an island, would make it more difficult psychologically for San Rafael to annex the entire area eventually.

"Let's not create islands and do gerrymandering, but work toward only sensible solution in the long run," Leydecker urged.

Victim Of Hammer Attack Still In Critical Condition

Mary L. Jones, 21-year-old victim of a hammer beating Tuesday night in Marin City, remained unconscious and in critical condition at Marin General Hospital at noon today.

Her estranged husband, J. D. Jones, 30, of 409 Drake Avenue, Marin City, is charged in Marin Municipal Court with assault with intent to murder. His case was referred at his request to the public defender's office yesterday in court.

Arraignment was continued until 1:30 p.m. today for plea.

Marin County sheriff's officers said Jones allegedly got into an argument with his wife, who obtained an interlocutory decree of divorce Oct. 14, over their son, James Davis Jones Jr. Officers said he struck her with a hammer he took fro mhis car in a parking lot near their former apartment, 79 Cole Drive, Marin City.

He is being held in Marin County Jail in lieu of $11,000 bail.

Nobel Prize Awarded, Rejected

STOCKHOLM (UPI)—The 1964 Nobel Prize for Literature was awarded today to Jean-Paul Sartre, French author and philosopher who argues that man lives in a purposeless, atheistic world.

Sartre

The French News Agency reported from Paris that Sartre had rejected the award which includes a tax-free cash prize of $52,500. Sartre was not immediately available for comment.

Sartre, 59, is known as the father of existentialism, a theory that holds that human existence is not understandable in either scientific or idealistic terms and that man must be responsible only to himself.

Although it had been reported in advance of the announcement of the Nobel award that he would reject the prize, the Swedish Academy of Letters declared him the winner for his "imaginative writing" and cited him for having "exercised a far-reaching influence on our age."

Lodge Is Given Dooley Award

SAN FRANCISCO (AP)—Henry Cabot Lodge, former U.S. ambassador in South Vietnam, received the Thomas A. Dooley Foundation's first "Splendid American" award here last night.

Lodge

In his acceptance speech Lodge said that Vietnam is important to all of Southeast Asia because of its geographical location. He said "large storehouses of wealth and population can be influenced and undermined" from the pivotal country.

He said the Communist bloc is trying to spread its "monolithic control" throughout the area.

The foundation making the award was named after Dr. Thomas A. Dooley, who conducted a kind of personal people-to-people program in Laos where he introduced modern medicine and built a 25-bed hospital.

Girl Points Out 'Attacker'

DUNCAN, Okla. (AP)—Tama Hallmark pointed to a 16-year-old schoolmate in a police lineup yesterday, and said he stabbed her almost 50 times last January.

Lana

She was attacked after she left Duncan High School Jan. 6. She talks brokenly but is coherent.

Bert Michael Lana was charged with the stabbing.

Miss Hallmark told officers she was not a personal friend of Lana. At the time of the attack, on a lonely road at the end of the school day, Lana was a sophomore and she a senior.

Months after the attack, Miss Hallmark was in a condition in which she had no response to questions except tears and silence. Just a few days ago she was able to make identification from a school yearbook.

Lana says he is innocent, and was released on $3,000 bond to his father, Bert, a football coach at Duncan Junior High School.

Khrushchev Lashed In New Attack

MOSCOW — (UPI) — A Soviet newspaper charged today that Nikita Khrushchev, ousted a week ago, was a "bankrupt." It said his "conceit, bragging, and idle talk" hurt the Communist cause.

The new attack coincided with demands by foreign Communist parties sympathetic to Khrushchev for an explanation of his fall from power. There were also signs of discontent in some of the soviet satellites.

The newspaper Soviet Russia did not mention Khrushchev by name, its its article was clearly a part of the campaign to discredit him.

PUSHING CAMPAIGN

His successors, Communist Party Chief Leonid Brezhnev and Premier Alexei Kosygin, were pushing the campaign. But since the brief announcement last Friday of Khrushchev's retirement on health grounds, they have avoided naming him.

"Anyone disregarding the achievements of science and practice in an attempt to replace genuinely scientific approach with harebrained schemes, premature, subjective instructions, and actions which are remote from reality, is acting incorrectly and harming the cause," the paper said.

"Conceit, bragging and idle talk are profundly alien to us," it added.

SERVED TIME

It said that any leader who accepts leadership of the masses but disregards public opinion "inevitably becomes a bankrupt and has served his time."

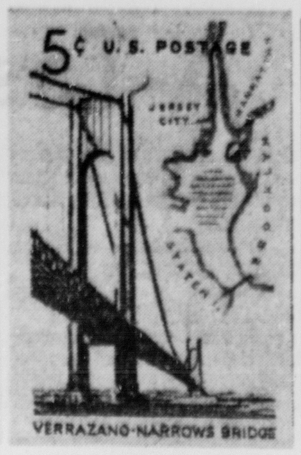

The French Communists yesterday sent a message to Moscow asking "fuller details and the necessary explanations concerning the conditions and methods" of Khrushchev's dismissal.

The Western Communist parties were more outspoken than those in the Soviet bloc but since Khrushchev's firing, he has been praised by some satellite leaders. Others have admitted freely that his sudden removel caused surprise and "deep emotion" in their countries.

Barry Vetoes Plan For 'Moral Decay' TV Film

WASHINGTON (AP)—Sen. Barry Goldwater of Arizona has nipped plans for the nationwide televising of a Republican campaign film which originally included shots of stripteasers and a girl in a topless swim suit.

A group of Goldwater backers who had the 30-minute film made for $65,000, said its aim was to show "moral decay" in the nation. Although today's planned showing is out, the film's sponsors apparently hope to have edited versions shown later on local stations.

Democratic National Chairman John M. Bailey had called the film "the sickest political program" ever planned for television.

The Democratic National Committee bought an unedited copy of the film, and newsmen at Democratic headquarters were shown enlarged photos said to have been taken from it. They included a side-rear view of a girl in a topless swim suit, a near nude man, and several shots of street rioting.

The Citizens for Goldwater-Miller had the film made and titled it "Choice." The group bought 125 copies.

The Republican presidential candidate saw the film for the first time yesterday in Philadelphia and said he does not believe it is appropriate for a political campaign in its present form.

Republican National Chairman Dean Burch issued a terse statement saying, "At the request of Senator Goldwater, the Citizens for Goldwater-Miller film entitled 'Choice' has been withdrawn."

Russell Walton, publicity director for the citizens group, had conceded that portions of the film might be called shocking, but added, "We believe what is happening today in America is shocking."

Chinese Reject Test Ban Treaty

WASHINGTON (AP) — Communist China rejected today President Lyndon B. Johnson's suggestion that it sign the limited nuclear test ban treaty and repeated its call for a global summit meeting to abolish nuclear weapons.

It had been expected that the United States would answer this call by proposing through diplomatic channels that the Peking regime sign the test ban treaty which more than 100 nations have signed.

President Johnson, in fact, said Sunday night in a televised speech to the nation: "We call on the world — especially Red China — to join the nations which have signed it (the treaty)."

An editorial today in the official Peking People's Daily called the treaty "nothing but a fraud."

"China is by no means obsessed by the idea of possessing nuclear weapons," the editorial continued. "It will stop developing them as soon as U.S. imperialism does so."

The newspaper, official organ of the Chinese Communist party, said the proposal for abolition of nuclear weapons by a world summit meeting is "practical, reasonable, easily feasible and involves no question of control."

The State Department disclosed yesterday that Premier Chou En-lai of Red China had sent to President Johnson Monday the same message which he had circulated to other government chiefs around the world, even though the United States and Red China do not have diplomatic relations.

Both Secretary of State Dean Rusk and President Johnson have already publicly dismissed the Chinese maneuver as a propaganda play.

Teller Belittles China's Test Blast

COVINA, Calif. (AP) — Physicist Edward Teller says detonation of an atomic device by Communist China only proves "that making a nuclear explosion is easy."

Teller, who was instrumental in developing the hydrogen bomb, said in a speech Wednesday night to Aerojet-General Corp. Management Club that it may take China 25 years to develop a weapons system capable of carrying atomic warheads large distances.

More significant, he said, was the Soviet Union's orbiting of three men in a space ship.

Measure B For Transit District

County Measure B on the Nov. 3 ballot, if approved, would set up a Marin County Transit District, which could then start studies for the improvement of public transit, either by contract with private carriers or by direct public operation.

The Marin County Board of Supervisors will be the governing body. The board may appoint a general manager to take charge of the district operations.

The district may levy a tax up to five cents per $100 assessed valuation in the district. Formation of the district will allow application for federal aid which is available for two-thirds purchase costs of new rolling stock, etc.

The Golden Gate Bridge and Highway District board of directors has indicated its willingness to contribute up to $30,000 to help with the project.

The district may study various forms of transportation including buses, hydroplanes, and ferries. For the moment, engineers envisage an improved bus system similar to the vehicles used by the Alameda-Contra Costa Transit District. These would be modern buses running at frequent intervals between Marin points and several delivery points in San Francisco, instead of at the Ferry Building alone. Bus runs will be extended within Marin County too, so that residents will be able to visit other communities in the county.

Formation of the Marin Transit District is an attempt to solve Marin's present problem, on an interim basis, until such time as regional solutions, such as joining the Bay Area Rapid Transit District, becomes possible.

Terra Linda Candidates' Night Set

The Terra Linda Recreation and Parks District will conduct a candidates' night at the Terra Linda Community Center at 8 p.m. tomorrow.

The seven candidates for the district board as well as candidates for other offices are scheduled to speak.

Running for three openings on the district board are incumbents Norman Gurin and Herman Moss Jr. and challengers Robert Clark, Martin J. Finerty, Bernard J. Kerns, Jerome H. Raube and Rev. James C. Upshaw.

The district election will be held in conjunction with the Nov. 3 general election.

Supervisorial candidates Byron W. Leydecker (incumbent), and John F. McInnis as well as candidates for State Senate, Congress and State Assembly have also been invited to speak.

Sausalito Theater Slates Comedy

Sausalito Little Theater opens its 16th season at 8:30 p.m. Friday as it starts a five-week run of Brendan Behan's comedy, "The Hostage."

Directed by Lynne Arden, the play is scheduled to run Friday and Saturday nights.

Dimitroffs Plan On Moving To Gualala

Artists Stephen Pope Dimitroff and his wife, Lucienne Bloch Dimitroff, are moving from Mill Valley to Gualala to be able to work in a larger studio and grow radishes.

"I have been trying to grow radishes in Mill Valley for 17 years and failing," said Mrs. Dimitroff. "I can grow them in Gualala."

The Dimitroffs, who formerly owned Dimitroff's Frame Shop and the art store in Mill Valley, plan to move by mid-November to Mendocino County.

Mrs. Dimitroff is known for her mosaic work, portraits, and as illustrator of children's books. Dimitroff is a painter and both husband and wife are known for their fresco murals.

yesterday.

Maloney said the 90-day provision does not apply to the commission but only to cities.

The commission then heard arguments on whether it should hold a hearing on the proposed annexation.

The vote to have a hearing was 4-0 with Commissioner Byron W. Leydecker absent. He left after an earlier vote on annexation of the Fagundes ranch property to San Rafael.

Jordan argued unsuccessfully against continuing the hearing, originally scheduled for today. The continuance would allow the opposition to get an injunction and then it would be impossible to get a court decision in time to have an uninhabited area annexation because registered voters would move into the area, Jordan contended.

"It would nullify the possibility of having annexation of uninhabited territory," he said.

He said the opponents could have their day in court at any time during the annexation proceedings and therefore the commission should proceed.

The Alto incorporation move, meanwhile, drew a "wait and see" attitude among officials in Tiburon, north boundary of which would be held at its present line if the proposed incorporation took place.

The Tiburon City Council on Sept. 28 adopted a resolution defining a "sphere of interest and potential future boundary" including the upper portion of the Tiburon Peninsula, proposed for inclusion in the City of Alto.

Tiburon Mayor Gordon W. Strawbridge today said, "I don't know what else we can do. They're absolutely independent."

Husband Goes Berserk, Kills Wife, Children

DENHAM SPRINGS, La. (UPI) —A college teacher who was an ordained minister went berserk at his home last night with a pistol, a shotgun and a claw hammer. He killed his wife and two of their children, wounded two other children and then committed suicide.

The two surviving youngsters were reported in critical condition at a Baton Rouge hospital, 20 miles from this small community.

Police said Howard Smith, 36, an English instructor at Southeastern Louisiana College at nearby Hammond, shot and killed his 30-year-old wife, Sarah, as she slept.

He then went to the sleeping children's rooms and shot and clubbed them with a claw hammer.

Kenneth, 8, was dead on arrival at Baton Rouge General Hospital. Glenn Keven, 6, the youngest of the four children, died early this morning.

The other two children, Kathy, 12, and Janice, 10, were wounded in the head. Each of the children was shot once.

Cemetery Tree Job Low Bidder

Sohner Tree Service of San Anselmo, at $6,593, was low bidder of three yesterday for trimming trees and removing the dead ones in the Novato Pioneer Cemetery, according to Lawrence A. Coleman, Novato director of public works.

Coleman had estimated $7,355 for the job.

The City of Novato took over the cemetery to make a Pioneer Memorial Cemetery of it. Several civic organizations have volunteered work on the cemetery, but were asked to wait until the dead trees and branches are removed.

Ross Goes Over Hillside Ordinances

Need for amending ordinances regulating hillside development, parking and lot coverage was considered by the Ross Town Council at a special meeting last night.

Councilman Harry C. Scott Jr. said no action was taken at the meeting and that discusssion of the amendments would be held at the Nov. 12 council meeting.

U.S. Aide Faces Contempt Term In Mississippi Probe

JACKSON, Miss. (AP)—A federal judge ordered a U.S. attorney jailed for contempt of court today for blocking indictments returned by a federal grand jury investigating civil rights activities in Mississippi. (See also story on page 1.)

District Judge Harold Cox said he also was preparing papers directing Acting U.S. Atty. Gen. Nicholas Katzenbach to show cause why Katzenbach should not be held in contempt.

In his surprise action against the Justice Department officials, Cox did not disclose the nature of the indictments. Grand jury proceedings are secret.

In today's dramatic courtroom scene, the judge ordered U.S. Atty. Robert Hauberg to draw up indictment papers. But Hauberg replied that Katzenbach had directed him not to "prepare or sign indictments in matters now being heard."

The proceedings came amid reports the Justice Department may drop efforts to secure federal grand jury indictments in the cases of the three civil rights workers slain at Philadelphia, Miss., in June.

The grand jury had just reconvened here Tuesday. There were reports it was looking into perjury matters but whether they were related to the investigation of the three deaths or the investigation into them was not known.

After Cox told Hauberg to sign indictments voted by the jury, Hauberg read his instructions from Katzenbach. He said Katzenbach also advised any contempt rulings would be appealed.

When Hauberg finished, Cox asked, "Do you refuse to carry out the court's order?"

"Because of instructions, I most humbly have to refuse to comply," Hauberg said.

"I do judge you to be in civil contempt," Cox said.

With tears in his eyes, Hauberg told Cox:

"I am under instructions of the attorney general of the United States . . ."

Cox said quickly he appreciated Hauberg's position but did not think the government or anyone "has any right to impede the investigation by the grand jury in any case not frivolous."

It was thought that the girls might try to get to England to see the Beatles, but they reportedly had split at the most between them when they disappeared Friday.

However, the Dave Clark Five, imitators of the Beatles, are holding forth at a Tahoe establishment. This may have attracted the girls.

Jacket Thefts, Shoplifting On Police Blotter

San Rafael police reported today that a $19 jacket belonging to David S. Wood of 291 South Circle Drive, Hamilton Air Force Base, was taken from a car while it was parked yesterday at the San Rafael High School parking lot.

Another jacket, with a value of $15, was taken from the car of Maurice William Kelly of 257 Prospect Drive, San Rafael, yesterday while it was parked at 469 B Street, San Rafael.

A witness saw two boys, about 13, ride away from the car on bicycles. One of them was carrying a jacket.

Ruth Celeste Hiller, 18, of 1049 Las Gallinas Ave., Terra Linda, was arrested for petty theft, by San Rafael police yesterday after she allegedly took several items from the cosmetic counter at Purity Store in Northgate Shopping Center and put them in her purse without paying for them.

Two Injured By Traffic Mishap

Two persons were injured in a two-car collision at Laurel Place and Nye Street, San Rafael, at 8:40 a.m. yesterday and one driver was cited for failure to yield the right of way, San Rafael police reported today.

Cited was Gertrude Paist Naugler of 1 Chula Vista Drive, San Rafael, driving west on Laurel. Her car hit the side of one driven south on Nye by Velma Riegelhuth of 865 Del Granada Drive, San Rafael.

Police said "both occupants" of the Nauger car received bruises and would see doctors, but the police report did not identify the injured.

44 Novato Pupils Are Camping Out

Forty-four pupils of two sixth grade classes at Lynwood School in Novato are camping this week at Alice Eastwood Camp on Mount Tamalpais.

The classes are those of Annabelle Wasserman and Marlowe Lancaster, having their turn at the outdoor education program offered by the San Jose School District. Next week, Mrs. Jean E. Doyle will take her sixth grade class from Meadow Park School to the camp.

Escaped Inmates Rob Man Of $200

Two convicts who walked away from Parlin Fork conservation camp in Mendocino County on Sunday night tied up a 89-year-old Willits man in his home yesterday and robbed him of $200, James W. L. Park, associate warden at San Quentin Prison said today.

The victim, William Walker, identified pictures of Terry Schnittspan, 31, and Thomas Bryant, 22, as the men who robbed him about 7:30 p.m. yesterday.

Officials reported a 1956 Chevrolet was stolen in Willits shortly after the robbery and was later seen in the Eureka area.

Burglar Hits Model Home

A burglar in stocking feet pried the rear door of a model home in San Rafael's Twelve Oak Hill Subdivision last night and escaped with 13 pictures, two other wall decorations, seven towels, two bedspreads and an electric coffee maker.

Owner of the home at Cedar and Las Gallinas drives is Marin Master Builders.

Police said a small screwdriver was evidently used to pry the sliding rear door. In the dirt outside the door were prints of stocking-clad feet.

Second Span Idea To Be Reviewed

A "second bridge" idea broached last April by B. D. Dobbs, Marin County planning director, will be presented to the Bay Area Transportaion Study Commission when it meets in the Marin County Civic Center at 10 p.m. tomorrow.

Dobb's idea, which he presented to county supervisors on April 14, is for a bridge link running from the San Rafael-Richmond Bridge's east terminus to Yerba Buena Island, where it would connect with a widened San Fransicso-Oakland Bay Bridge. A feeder link would run from Berkeley to the Richmond-Yerba Buena span.

County Supervisor Peter H. Behr will present the idea at the commission's meeting.

HOOVER

enbacker, Mrs. Douglas MacArthur, J. Edgar Hoover, Mr. and Mrs. Truman, Mrs. John F. Kennedy, Robert Moses, Mrs. Ogden Mills, the Republican National Committee, and the Boys Club of America.

Tomorrow morning, the body will be conveyed without ceremony to Washington to lie in state in the Capitol Rotunda. Burial will be Sunday in West Branch, Iowa, where Hoover was born.

The Rev. Dr. Terance J. Finlay, pastor of the stately 125-year-old church, planned a simple, 20-minute service without eulogy for the late chief executive. The only reference to Hoover by name was in a special prayer Dr. Finlay composed. It commends unto God's eternal presence "Thy servant, Herbert Clark Hoover."

Although Hoover was a Quaker, his family chose St. Bartholomew's Church for the services because it is across Park Avenue from the Waldorf Astoria where Hoover lived for 31 years after leaving the White House and because his wife, Mrs. Lou Henry Hoover, was buried from there in 1944.

The former president's two sons, former Undersecretary of State Herbert Hoover Jr. and Allan, briefly visited the columned marble sanctuary of the church to view the coffin yesterday afternoon. One of Hoover's closest longtime friends, Adm. Lewis Strauss, former chairman of the Atomic Energy Commission, also paid his respects.

Among the earliest mourners were Ambassador Adlai E. Stevenson, Sen. Jacob Javits, (R-N.Y.), and former Postmaster General James A. Farley.

Then, at the rate of 2,500 an hour, came the little people—housewives, businessmen, students, pensioners, people from all walks of life—to pay homage to the man who served in the White House from 1929 to 1933 but probably achieved his highest pinacle of greatness as a humanitarian. He personally mounted a gigantic relief operation to aid the people of Europe during and after World War I.

A formally uniformed five-man honor guard representing each of the military services stood at rigid attention in the candelit church while the mourners filed by the bier.

Gun salutes were being fired at U.S. military installations the world around every 30 minutes in tribute to the departed chief executive. Flags were flown at half staff at public buildings during a 30-day mourning period proclaimed by President Johnson.

Flags also were lowered in Belgium where the relief commission Hoover headed fed thousands of starving persons during World War I.

Tot Has Trouble Finding Home

Virginia Gilman at 411 Mission Avenue, San Rafael, had a 20-month-old lost boy on her hands yesterday and called police for help at 5:45 p.m.

She told officers she found the boy in front of her home. Police searched the neighborhood for some time, trying to match the boy with a parent.

The had no success and took the lost boy to the police station, hoping for some word. Word came at 6:37 p.m. from Mrs. William H. Sherman of 430 Mission Avenue, reporting that she was unable to locate her son, Stephen. The boy and his mother were promptly reunited.

Officers Blameless In Arrest

A Marin Superior Court jury yesterday found the defendants in a false imprisonment suit were without blame in the arrest by San Rafael police Nov. 20, 1961, of a Piedmont businessman.

The latter, Jack Grimsley, now of San Diego, accused Police Officers Lee Ahern and Carl Selby, and Paul Ricksecker and Oakley Pistole, owners of the Original Fourth Street Liquor Store, 703 Fourth Street, San Rafael, of false imprisonment and said the officers caused him mental and physical suffered in handcuffing him and interrogating him before his release some 30 minutes later.

Grimsley, represented by William B. Wolfson, San Rafael, originally asked $100,000 damages, but only asked $5,000 in yesterday's trial before Judge Samuel W. Gardiner.

David Terreo, Larkspur attorney representing the officers, contended that the latter, misinformed that Grimsley was entering the liquor store to rob it, only exercised proper precaution in handcuffing and questioning Grimsley.

Passenger Sues Driver's Estate On Crash Hurts

A $106,600 personal injury damage suit was filed today in Marin Superior Court against the estate of Frederick Norman Kivette Jr., Almonte airline pilot, by the passenger in the automobile in which he was killed last Jan. 30.

Mrs. Ruby Thomas, 36, of Stinson Beach, alleges Kivette, 35, operated the vehicle in reckless erratic manner and at excessive speed, resulting in the car's plunging 150 feet into a canyon off Panoramic Highway near St. Jude Road.

The plaintiff, who is suing the wife, Masa Kivette, as administratrix of the estate, alleges she suffered head, nose and rib injuries and mental pain.

Kivette died instantly in the accident, according to the Asst. Coroner William C. Bradley.

Hall Is Found By Tam Players

Tamalpais Valley Players, without a hall since the Improvement Club was torn down to make way for the Coyote Creek flood control project, will perform in nearby Mill Valley when they present "She Stoops to Conquer," Nov. 13, 14, 20 and 21.

The show will be at 8:30 p.m. in American Legion Hall, 476 Miller Avenue.

Laurie Tusup, assisted by Irene Pritzker, will direct the Goldsmith comedy, now in rehearsal. Proceeds will go toward the building fund to replace the Tamalpais Improvement Hall.

Tool Box Stolen

Henry J. Kaehler of 2119 Vineyard Road, Novato, yesterday reported to Novato police that a tool box full of tools was stolen while he was working at lot 25 in Shon Court, Novato, between 4:30 and 5:30 p.m.

JACK WILSON

Jack Edward Wilson, 44, of 219 Summit Avenue, Larkspur, a three-year resident of Marin, was found dead at his home yesterday.

His death was due to natural causes, the coroner's office said. The body was found by his sister, Mrs. Kathleen Virginia Sheaffer, with whom he lived.

Wilson was a native of Ranger, Tex. He served 20 years in the Air Force, seeing action as a navigator on bomber missions out of England during World War II. He served in Germany after the war.

Wilson retired four years ago as a lieutenant.

In adition to his sister, he leaves his parents, Mr. and Mrs. Henry G. Wilson of Fort Worth, Tex.

Funeral will be at 10 a.m. tomorrow at Holy Innocents Episcopal Church, Corte Madera. Burial will be at Fort Worth. The family prefers contributions to the Holy Innocents Church Memorial Fund.

HUGH McCOY

LOS ANGELES (AP) — Award winning radio newscaster Hugh William McCoy, 45, died in a fire at his home yesterday.

Police said he apparently fell asleep while smoking on a couch.

McCoy joined station KNX, the Columbia Broadcasting System Los Angeles affiliate, eight years ago. Twice he won the Golden Mike for radio newscasting excellence given by Southern California broadcasters and once he won the Associated Press award for the best regularly scheduled news broadcast.

Leydecker Critical Of McInnis On Planning

Incumbent Supervisor Byron W. Leydecker characterized his opponent, San Rafael Mayor John F. McInnis, as having a record of "talk, not performance" in the field of planning.

Leydecker made the charge over radio station KTIM last night.

San Rafael, during McInnis' administration, spent several thousand dollars on two master plans which were not adopted, and the city is now holding hearings on a third plan, Leydecker asserted.

When an area in Terra Linda was annexed by San Rafael, previous planning for the area was "thrown out the window" and an imbalance in schools, parks and recreation areas developed, Leydecker charged.

Leydecker said that zoning under the McInnis administration "has been arbitrary and often for the gain of one individual." He cited lack of a slope policy in San Rafael as responsible for "unsightly hillside development."

On bay filling, Leydecker stands "firmly against any more filling until such time as we can develop a master plan to guide the growth of all of our shoreline."

"I challenge anyone to get a clean-cut statement as to where my opponent stands on this subject," Leydecker continued.

"He (McInnis) has talked about a moratorium on bay fill which was no moratorium at all but a license for anyone to develop tidelands and waterfronts as they chose, with no regard to the community as a whole."

By contrast, Marin County's unincorporated areas are regarded as among the best planned in the county, Leydecker concluded.

Designer Of U.S. Eagle Emblem Dies

NEW YORK (AP)—Anthony de Francisci, who designed the Eagle used on discharge emblems for World War II veterans, died Tuesday after a heart attack. He was 77.

The eagle, termed "the ruptured duck" in the slang of servicemen, was designed for the War Department in 1925 but was not used until World War II.

Plumbing Meeting

Associated Plumbing Contractors of Marin, Sonoma and Mendocino counties will meet today at 7 p.m. in the Green Mill Inn, Cotati. The dinner meeting will be followed by a program by Len Lagerstrom, chairman of the group's publicity committee.

The daily high temperature in one of the world's most troubled cities—Saigon, capital of South Vietnam—averages from 87 to 95 degrees the year round.

McCabe Claims Clausen Dodges Debates On Issues

Democratic Congressional candidate George E. McCabe charged in San Rafael yesterday that his opponent, Rep. Don H. Clausen, keeps ducking public debates with him on issues.

McCabe also charged that the incumbent congressman is trying to "develop a false image of himself as a moderate Republican" when his voting record shows he is "even more conservative than Senator Goldwater."

McCabe, administrator at Sonoma State College, spoke to about 60 Marin business and professional men at a luncheon at Dominic's Restaurant.

McCabe said his appearances at many candidates' nights sponsored by the League of Women Voters (including one last night at the Marin Civic Center) had to be canceled because his opponent refused to attend.

"What I'd like to discuss with my opponent, among other things, is the speech he delivered in Washington, in which he bragged of his rating by Dan Smoot Reports as a '100 per cent conservative'," McCabe continued.

"If my facts are wrong, my conclusions inaccurate, or my descriptions unfair, let him stand up and defend his record in a fair public forum," McCabe challenged.

Fidel Claims U.S. Revolt Plan Fails

MIAMI (UPI) — Premier Fidel Castro said early today his "anti-bandit battalions" have smashed a years-long effort by American "imperialists and the CIA" to launch a counter-revolution against his regime in the central Cuban province of Las Villas.

In a two-hour speech in the provincial capital of Santa Clara, he bragged that "today this (Las Villas) province marches in the vanguard of the revolution, here where imperialism wanted to establish its headquarters."

The bearded Cuban made no mention of the recent government shakeup in Moscow.

ANNUAL TUBERCULOSIS CHECK

Mrs. Thelma Chambers gets a chest X-ray from Mrs. Irene Smugorzewski at the Marin County Health Department, Fourth Street and Grand Avenue, San Rafael. Mrs. Chambers is a special case since she works in the home of Dr. Carolyn Albrecht, county health officer, but Dr. Albrecht said it is especially important for all household workers and others who care for children to have annual tuberculosis checks. Free TB checks are available at the department from 10 a.m. to 1 p.m. and 2 p.m. to 5 p.m., Monday through Friday, and until 6:30 p.m. Wednesdays.

LBJ Aides' Security Checks Set

WASHINGTON (AP) — All staff employees of the White House have been asked to fill out new security applications in the wake of the Walter W. Jenkins case.

Jenkins, a top aide to President Lyndon B. Johnson for 25 years, resigned at the president's request last week after it became known he had been arrested twice, in 1959 and earlier this month, on morals charges. Johnson said he had never known earlier of either arrest.

Staff members from top assistants down to stenographers were asked to fill out standard forms entitled "Security Investigation Data for Sensitive Position." Applications of this type are sent routinely to the FBI for checking against its files.

Ordinarily, the FBI makes no independent investigation in the absence of derogatory information in its files.

Questions on the form include dates and places of residence back to 1937. Except for traffic arrests carrying a fine of $30 or less, the employee is asked to list any arrests, even for investigation and questioning and for which no formal charge was filed.

Rich Store Of Indian Artifacts Discovered

BERKELEY (AP)—An anthropological expedition to Del Norte County has uncovered a rich store of information about some of California's earliest residents.

Remnants of two villages once occupied by the Tolowa Indians, a vanishing tribe about which little is known, have been uncovered by University of California graduate student Richard Gould.

Gould, 24, his wife Betsy, and six fellow graduate students in anthropology, found the centuries-old villages at Point St. George, in the rugged north coast area near Crescent City.

Their discoveries indicate the Tolowa had an advanced civilization for their era.

A complete flint workshop, equipped with a windbreak and worktable, with a supply of flints and arrowheads, was found under six feet of earth.

Other artifacts recovered included portions of a home built of redwood, with a blue clay floor and hearth, plus bone fishhooks and needles, and antler wedges for splitting logs.

Charcoal collected at the site is now undergoing analysis at the university's Scripps Institution in La Jolla to better determine the age of the artifacts.

Gould, a Harvard graduate who is writing a thesis on the Tolowa, was directed to the site of his discoveries after interviewing the 100 members of the tribe who are still living.

He learned that the tribal language is Athabaskan, distantly akin to the Navajo-Apache tongue.

The tribe's economy was based on hunting sea lions, fishing for salmon and collecting acorns.

Artifacts recovered by the expedition have been given to the Lowie Museum of Anthropology on the Berkeley campus.

San Rafael Asks Landscape Ideas

Marin County landscape architects are being asked to prepare proposals for plantings at the future San Rafael City Hall.

City Mgr. Dan E. Andersen said today he hopes to present the offers to the city council on Nov. 2. Architects on the building, he reported, have asked that landscaping plans be prepared soon, to tie in with final details on the structure blueprints.

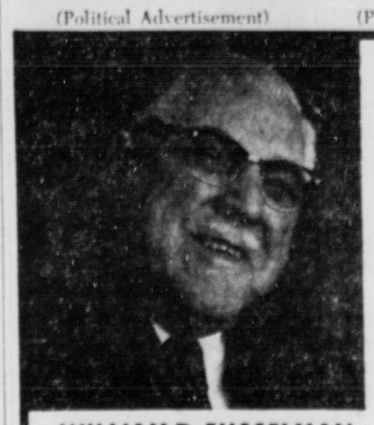

Andersen added that the council expects to call for bids early in January on demolition of remaining old apartments at the C Street end of the property purchased for the new city hall site.

Easter Seal Head

CHICAGO (AP) — Lucille Ball, comedienne of the movies and television, has been chosen chairman of the 1965 National Easter Seal Campaign.

Tokyo is so desperate for living space it dumps its trash into the bay and covers it with soil to create more land for high-rise apartments.

County Budget Is Available; It Has Record 334 Pages

Copies of the 1964-65 Marin County budget, containing a record number of pages, are off the presses and available to the public, County Auditor-Controller Michael Mitchell reported today.

The final budget and financial report contains 334 pages, 36 more than last year, Mitchell said.

Fiscal information covers the county, schools and special districts and the assessed valuation and tax rates of the 108 taxing entities in Marin.

The first two-thirds of the book covers the $21,660,157 in county expenditures, including the library district, and $37,759,000 in expenditures of school and special districts.

A complete list of all county positions and salaries is included.

The final page carries a history of Marin's total assessed valuation dating back to 1871 when it was $4,423,718 to 1964 when it is $377,770,860.

Mitchell said anyone can obtain a copy of the budget by notifying his office at the Civic Center.

There also is available a booklet listing the tax rates for each of the 295 tax code areas in Marin. The booklet includes a breakdown so that the taxpayer can easily find the tax rates that apply to his property, Mitchell said.

As early as 450 B.C., the Greeks in Athens required foreigners to pay taxes; and taxes are mentioned in the Bible.

Actor Reagan Due In Marin For Goldwater

Actor Ronald Reagan, stumping for the Goldwater-Miller ticket, will speak at a public meeting at 8 p.m. tomorrow in the Redwood High School auditorium.

His talk, entitled "A Special Appeal to Undecided Voters," will climax a day-long campaign in Marin County.

Reagan's speech is sponsored by Young Americans for Freedom in Marin, headed by co-chairmen Richard Ellis and Timi Johan. Jack Cox, western regional chairman of the Young Americans for Freedom, will introduce Reagan.

Others on the program include Barbara Solo, singing the National Anthem, and a group of Yurok Indians representing American Indians for Goldwater. The Indians are headed by Stanford's Prince Lightfoot, also known as Harry D. Williams of Fairfax.

Reagan's itinerary for tomorrow is as follows:

9:30 a.m.—Reception at St. Stephen's Church, Belvedere, sponsored by Tiburon Town Hall for Goldwater, headed by Mrs. Lincoln E. Gould: chairman, Mrs. James Michael.

11 a.m.—College of Marin, Olney Hall, sponsored by College Republican Club; Bob Rosenberg, president.

12:15 p.m.—Luncheon at Peacock Gap, San Rafael; chairman, Edward Gilmore.

4 to 6 p.m.—Reception at Novato Community Club House, sponsored by Democrats for Goldwater and Novato Citizens for Goldwater; co-chairmen, Mrs. Kent Bullfinch and Mrs. J. H. Haines.

8 p.m.—Redwood High gymnasium.

Private Ambulance Firm To Begin Mill Valley Trial

Marin Ambulance Service will open a Mill Valley office with one ambulance tomorrow-noon on a six-month trial basis.

The office, with quarters for personnel and a carport to be added, is at 252 Almonte Boulevard, behind the Chinese Kitchen.

The city-owned Mill Valley Fire Department ambulance will be discontinued during the trial period but will be a standby if all other ambulances are tied up, according to Fire Capt. Henry Pierroz.

Under the agreement, any person calling the Mill Valley Fire Department or Police Department for an emergency ambulance will be directed to call Marin Ambulance Service.

Arrangements for the new service were approved Aug. 17 by the city council after it was pointed out that the city ambulance was being staffed by but one man when the recommended standard practice is two. Fire Chief Leslie Armager said he could not spare two men unless more firemen were hired.

Persons using Marin Ambulance must pay $25 to be transported to Marin General Hospital and $2 extra between 6 p.m. and 6 a.m. Callers may telephone the home office at 4 Ward Street, Larkspur, which has a direct line plus radio to the Mill Valley office, said Robert R. Parker, head of Marin Ambulance.

Coffee and refreshments will be served starting at 1 p.m.

Rights Trio Killing Probe Marks Time

COMBINED UPI & AP

A federal grand jury investigating the death of three civil rights workers in Mississippi has completed its work on the case without returning indictments, it was reported today.

Government sources revealed in Jackson, Miss., that the Justice Department may ask the Neshoba County Grand Jury to consider bringing a murder indictment in the case. The federal panel could have indicted only on civil rights charges.

The federal jury returned indictments against five Philadelphia, Miss. law enforcement officers on civil rights violation charges.

Sheriff Lawrence Rainey, 41; Deputy Cecil Price, 26; former sheriff Ethel Glen Barnett, 42; and two Philadelphia policemen, Richard Willis, 40, and Neal Otha Burke, 71, were charged with beating Negro prisoners while in jail at Philadelphia. They are free under bond pending trial.

But there was no indictment concerning the slaying last summer of Michael Schwener and Andrew Goodman of New York and Negro James Chaney of Meridian, Miss., who were found buried beneath an earthen dam near Philadelphia. Each had been shot.

Mrs. Kennedy Rents Long Island Estate

GLEN COVE, N.Y. (AP) — Mrs. John F. Kennedy has leased the former J. P. Morgan II estate in this community on the North Shore of Long Island.

Her office in New York said the widow of President Kennedy intends to spend weekends there with her two children. The family has an apartment in New York.

FRESNO (AP) — University of California president Clark Kerr told newsmen here Tuesday that four areas, one of them the north bay or north coast area, are being considered for a new branch university site.

Kerr said he has written the coordinating council for higher education, urging that the San Joaquin Valley Fresno area receive top priority for a new campus.

The other areas are the north Sacramento region; the north bay or north coast area, and either the San Gabriel or San Fernando Valley.

POLITICAL BRIEFS

Udall Due In Marin At Demo Breakfast

Secretary of Interior Stewart L. Udall will be in Marin tomorrow for a public breakfast and a tour of Point Reyes National Seashore.

The breakfast meeting is set for 8:30 at Edgewater Inn. Officials at Democratic Headquarters in San Rafael said Sen. Pierre Salinger may be at the breakfast to meet Secretary Udall.

NOVATO DEMOS

A public meeting of Democrats will be held at 8 p.m. today at Novato Democratic Headquarters, 1618 Grant Avenue, according to Joseph Forest, co-chairman of the Novato Democratic Campaign Committee.

Aaron Hiller, precinct chairman, will give instructions on how to get voters to the polls. Officers for next year will also be elected, Forest announced.

McCARTHY TALK

State Sen. John F. McCarthy will present his views on a second Marin crossing tomorrow afternoon at a meeeting of the Bay Area Transportation Study Commission at the Civic Center. He is a member of the commission.

Tomorrow night, McCarthy will appear at Terra Linda Recreation Center at a meeting sponsored by the Terra Linda Park and Recreation District.

On Saturday, McCarthy will campaign in West Marin.

ANTI-14 DRIVE

Marin residents have contributed nearly $25,000 to defeat Proposition 14 during the past two months, according to Leonard Sperry Jr., Marin finance chairman for Californians Against 14.

SCHULTZ STUMPS

Vera Schultz, Democratic candidate for State Senate, will participate at 11 a.m. Sunday in a panel discussion on "Morality in Politics" at the Kentfield Women's Club. The discussion is sponsored by the Unitarian Church.

Mrs. Shultz will also appear at a series of coffee hours from Southern Marin to Novato and Inverness next week.

WOMEN VOTERS

The League of Women Voters of Central and Southern Marin today came out against Proposition 5, the veterans' exemption for widows. The league came out in favor of Proposition 4 (veterans' tax exemption residence requirement) and Proposition 10 (state school fund).

FOR MEASURE A

Eight labor organizations have endorsed County Measure A, the proposal for federally financed low-rent housing for elderly.

Frank P. Bottarini, Marin Labor Council representative on the Citizens' Committee for Housing of Marin's Elderly, announced that Measure A won endorsement of the Marin Labor Council and seven other labor groups.

LUDY PARTY

An open house for Superviso. George H. Ludy will be held at 8 p.m. today at Woodacre Improvement Club.

To Mitchell Rites

WASHINGTON (UPI) — President Lyndon B. Johnson today designated Labor Secretary W. Willard Wirtz as his representative at the funeral of former Labor Secretary James P. Mitchell to be held in Elizabeth, N.J., tomorrow.

Props. 1, 3 Are Backed By Planners

Sausalito planning commissioners last night voted to take a stand favoring Propositions 1 and 3 in the Nov. 3 election, Commissioners Robert L. Nissen and Mrs. Richard Phillips abstaining.

Proposition 1 is for a 150-million-dollar bond issue for state beaches, parks, recreational and historical facilities; Proposition 3 would authorize a 260-million-dollar bond issue for state loans and grants to school districts.

Commissioners heard a letter from H. C. Nieman of 234 Woodward Avenue taking exception to the commission's stand on Oct. 7 for a "no" vote on proposition 14.

Commissioner Roy Starbird said he agreed with Commissioner Walter V. Guthrie (absent last night) that if it takes a stand on one proposition, the commission should take stands on all. However, Starbird said Propositions 1, 3 and 14 are the only ones that can possibly effect Sausalito planning.

College Revenue Estimate Up But So Is Enrollment

Estimates of revenue from Marin Junior College District's 35-cent special campus expansion tax during its 10-year life have been increased from $11,300,000 to $16,758,000 because of rising assessed valuation, trustee Elizabeth M. Deedy told the district's citizen advisory committee last night.

But, said Mrs. Deedy, enrollment also is increasing faster than expected — and building costs continue to rise. In 1962, she noted, it was forecast that College of Marin would have 1,641 fulltime students this year; the enrollment now is 1,911.

Mrs. Deedy urged that the committee, board and administration review the master plan for the two-campus college expansion, including adequacy of the pay-as-you-go financing program.

The 35-cent tax was approved for a 10-year period by voters in June, 1962, to pay for new buildings on the Kentfield campus and for a second campus in North Marin.

"A master plan is not done just because it is on paper," Mrs. Deedy stressed.

Nearly 100 members of the committee attended the meeting in the college's new physical education meeting.

Theodore C. Wellman, president of the College of Marin Foundation, urged that the committee take an active role in raising funds for the foundation's scholarship and student loan program — which so far has virtually none.

Wellman asked that committee members submit names of wealthy persons who might contribute substantial sums, solicit gifts for the foundation, and themselves contribute.

After the general session, the committee divided into three discussion groups, dealing with curriculum, student affairs, and adult education.

The curriculum group gave particular attention to trade and technical courses, expansion of which at the college is under consideration.

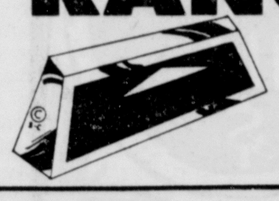

The adult education group will meet monthly throughout the school year under chairmanship of Dr. Ellsworth E. Briggs, dean of adult education at the college, it was announced.

There are nearly 25,000 titles in paperbacks, ranging from Aristotelian philosophy to Pogo humor.

The most important thing we move is you.
One of the most moving experiences you'll ever have is moving.
There's always some sadness about leaving the old home. And uncertainty about the new one.
We can't promise to turn your move into a bundle of laughs. But we can promise to do everything in our power to make it easier for you.
When a Bekins moving man comes to your door, you'll notice that he has on clean, white coveralls. These coveralls won't make him one bit better as a mover (he's already the best there is). But on a day when your emotions are running high, think how upsetting it would be to have a mover show up in sloppy, dirty clothes.
You'll find that our Bekins people are nice and understanding by nature. This is no accident. We pick them that way. In fact, we wouldn't have them any other way.
Other companies think we're sort of old-fashioned in this respect. They're probably right. But we intend to go right on making niceness a prerequisite for anyone who wants to work for us.
So when moving day comes around, we hope you'll remember us.

TICKET TO 'YES' VOTE?—Selling giant "tickets" on modern bus such as might be put in Marin service by proposed Marin Transit District is Leo Souza (right), chairman of the transportation committee of the Tiburon Peninsula Coordinating Council. "Buyers" are Mrs. Margaret Azevedo, co-chairman of Citizens Committee for a Marin Transit District, and Gerald Noble, who heads the Tiburon Peninsula section of the committee along with Souza. Marin Transit Plan Urged As Interim Step

Formation of a Marin transit district is an "interim solution to the immediate transportation needs of the county," engineer James W. Meyer of Belvedere told a Tiburon peninsula audience last night.

The transit district being proposed under County Proposal B on the Nov. 3 ballot will not be a rapid transit district, Meyer stressed: it will be a district which will allow study of all forms of mass transportation, such as ferry, hydrofail, helicopter, but will aim primarily at bus transportation.

He noted that directors of the Golden Gate Bridge District had not allowed rails to be placed on the bridge, so Marin must develop some other form of commuter transportation to cut bridge traffic. It is estimated that by 1968 bridge traffic will reach the saturation point.

An efficient transit district would increase the useful life of capacity of the bridge so that a second bridge to San Francisco, often proposed through Tiburon, would not be needed so soon, said Leo Souza, chaiman of the transportaion committee of the Tiburon Peninsula Coordinating Council, which sponsored the meeting.

Meyer is chief of the traffic and transportaion division of De Leuw, Cather and Co., in San Francisco, an engineering firm specializing in transportation which has been hired as consultant by county supervisors.

Meyer said an efficient, well-coordinated bus service could be set up to carry commuters, school children and shoppers. It could be paid for by the maximum five-cent tax rate allowed under the county district proposal, and by later voter-approved bonds, fares, and matching federal funds, he said.

Meyer said transit district operating costs would be lower than those of a private company as the district would not have the tax obligations of private concern.

Thirty persons attended the meeting at Del Mar School. A modern commuter bus from the Contra Costa-Alameda Transit District was on display.

Coed Crews Due In Russ Orbit

MOSCOW (UPI) — The Soviet Union has disclosed plans to make future space flights co-ed affairs.

"There was no special reason why a woman did not take part in the latest flight," U.S.S.R. Academy of Sciences President Mystislav Keldysh said yesterday.

"No doubt there will be a mixed flight in the future."

Keldysh spoke to newsmen during a press conference for the three Soviet spacemen who completed the world's first multi-manned flight last week.

White Supremist Meetings Called For 3 Bay Cities

SAN FRANCISCO (UPI) — Citizens councils, established in southern states to support white supremacy, have undertaken an organizational effort in the San Francisco Bay Area.

Thousands of invitations were sent to residents inviting them to "closed" meetings in Berkeley, San Francisco and San Jose.

O. L. Barker, a retired advertising man, said he mailed 8,000 invitations for the Berkeley meeting. He said he expected about 800 persons to attend. The local meetings would be addressed by W. J. Simmons, Jackson, Miss., national administrator of the citizens councils, Barker said.

Invitations to the meetings bore pictures of Confederate and U.S. flags crossed, with a motto reading "states rights - racial integrity."

Also scheduled to address the meetings is Kent Steffgen, a former Los Angeles organizer for the John Birch Society.

U.S. Officer Captured By Viet Red Guerrillas

SAIGON (UPI)—Communist guerrillas captured a U.S. special forces officer during a battle today an dled him away in the direction of the Cambodian border. His ideentity was withheld by U.S. spokesman.

In a separate incident, a U.S. Marine officer was wounded by a booby trap about 22 miles northwest of Saigon.

Candidates For Legislature Clash Over Welfare, Taxes

About 250 voters packed the supervisors' chambers of the Civic Center last night to hear candidates for state Senate and Assembly.

Speakers were State Sen. John F. McCarthy vs. Vera Schultz, and Assemblyman William T. Bagley vs. James E. Pockrus.

Democratic Congressional candidate George E. McCabe of Santa Rosa was introduced but was not permitted to mount the speaker's platform because his opponent, incumbent Don H. Clausen, did not attend. Clausen sent word that he had a prior commitment in Sonoma County.

The forum was sponsored by the League of Women Voters of Central and Southern Marin County. Mrs. William C. Anderson was chairman, with Hugh Turner of radio station KTIM as moderator.

Assemblyman Bagley said he considers population growth one of the major problems. To meet it, he and Senator McCarthy sponsored legislation that resulted in having the Marin Transit District on the Nov. 3 ballot.

Bagley said the transit district would not mean immediate high-speed trains but would be a step toward the ultimate solution—a second crossing over the bay and another highway roughly parallel to Highway 101.

The assemblyman called for cutbacks "in the fields of inordinate growth." One of those fields is welfare expenditure, he declared, pointing out that welfare costs had risen 400 per cent more than the population during the past six years.

"I am not saying anyone should be forced to starve," said Bagley. Cutbacks are possible by more careful checks on welfare applicants, he contended.

"When a man and his wife and four children on welfare can make more than a private with a wife and four children, then I think it's getting inordinate," Bagley asserted.

Democrat Pockrus also sees "overgrowth" as the big problem.

Pockrus said he favors a state withholding tax and a change in the system of issuing liquor licenses. "If the licenses are worth what they are being sold for, why shouldn't the state get the benefit?" he asked.

Another possible source of revenue is offshore oil drilling. "I'd like to take an awful close look at that," said Pockrus. He would also overhaul property taxes and possibly try for a land use tax so that construction and improvements on the land would not be penalized.

Pockrus called for a defeat of Proposition 16, lottery amendments, and Proposition 14, the housing amendment.

Pockrus disagreed with Bagley on welfare cost cutbacks. As a school teacher, Pockrus said he knows that hungry children cannot concentrate on studies.

He recommended more technical high schools, with good equipment and high standards so they will not become "dumping grounds for dropouts."

Bagley split sharply with Pockrus on the withholding tax. Bagley called it double taxation. People would have to pay the previous year's tax in a lump sum, then start having paycheck deductions during the same year, he contended.

Pockrus denied it was double taxation, and contended the withholding tax would be easier to pay than penalty and interest for non-payment later.

Bagley said withholding makes the tax seem less painful, but it would only lead to more government spending.

Senator McCarthy and Mrs. Schultz disagreed on several points, especially on Proposition 17, the so-called anti-feather-bedding law.

McCarthy called for a "yes" vote on the proposition. He said the measure would eliminate duplication in railroad work crews and bring state laws in line with national statutes.

Mrs. Schultz said the state and its agencies should retain control over railroad train crews and train safety. She said the senator is inconsistent in urging the state to give up authority over railroad train crews, then calling for retention of state authority in other matters.

McCarthy said transportation is California's biggest problem. He noted that he and Assemblyman Bagley had carried the legislation for the Marin Transit District. He authored legislation to study the feasibility of rapid transit over Richmond-San Rafael Bridge and has been trying to get all toll crossings under one authority so their finances can be pooled.

In conservation, McCarthy said he is proposing that the state lease surplus military land at Forts Barry, Baker and Cronkhite from the federal government and develop park and recreation facilities.

The senator also sees the possibility of using a part of Hamilton Air Force Base for small commercial aircraft, without too much cost to taxpayers. This would have to be studied in cooperation with federal, local and military officials, he added.

McCarthy is opposed to state withholding taxes. "Let's not advocate more taxes; let's lessen them," he said.

Mrs. Schultz said that cutting down on the county's 114 taxing agencies, is an even more important problem than transportation.

She said this is a field where the state legislature can help the counties by "correcting the existing strait-jacket."

As sources of state revenue, Mrs. Schultz proposed a "severance tax on offshore gas and oil." She said the only reason the state has not received more revenue from those sources is that the oil and gas industry has a powerful lobby.

Mrs. Schultz denied that a state withholding tax would be double taxation, noting it would be like the federal income tax.

They clashed on the need for the office of consumer counsel. McCarthy maintained that the state has adequate agencies to protect consumers. He said the consumer counsel office started with a $70,000 budget but is now costing $150,000.

Mrs. Schultz declared the consumer counsel has demonstrated its value by watching for frauds against consumers, such as misrepresentation in the size of bread.

In Navy Course

Runaway Youth Is In Custody

Michael C. Bell, 16, Corte Madera youth reported missing Tuesday after he had been involved in a head-on auto accident, returned home last night and was quickly taken into custody by Corte Madera police.

Michael, of 1 Key Largo Cove, was picked up as a runaway at 6:45 p.m. by the police at the request of his stepfather, Clyde F. Allyn, and taken to juvenile hall. The youth had been a driver in an accident on Shoreline Highway Tuesday in which two persons were slightly injured.

Young Bell and his passenger had been taken to the Mill Valley firehouse for first aid. He later left on foot, but did not go home.

Report On Blast

WASHINGTON (UPI)—The U.S. Atomic Energy Commission says the Red Chinese nuclear explosion last Friday had a yield about equal to that of the Hiroshima bomb of World War II. An AEC spokesman said yesterday that an analysis of radioactive debris from the blast indicated the "technology of the device was that which we would associate with an early nuclear test."

Owners Of Lake Lots Seek Voice In Club

More than 80 persons — owners of lots at Chamberlands on Lake Tahoe and their wives — gathered last night at a dinner meeting at Dominic's Harbor Restaurant in San Rafael to discuss the role of the Chamberlands Beach and Mountain Club.

Membership in the club was included in deeds to lots in the Tahoe development, which is headed by Ernest N. Kettenhofen of San Anselmo. Some of those attending last night's meeting objected to being assessed for $30 annual dues in the club; others wanted to make sure their votes will determine club policies.

Each lot has one vote, explained Joseph R. Filippo of San Rafael, who called the meeting. Developers retain the votes for unsold lots.

Upshot of the meeting was appointment of a six-member committee to draw up a slate of proposed officers for the club and map by-laws changes to assure lot owners greater voice in its management.

Facilities which the club is eventually scheduled to acquire include clubhouse, beach, swimming pool, ski lift, and as-yet unbuilt tennis courts. Filippo and several others also proposed a teen-age club and a ski lift parking lot.

Kittenhofen appeared briefly at the meeting before going to a candidates' night in San Anselmo.

"We have no beef with Kettenhofen," Filippo said. "He has agreed to go along with whatever we want, and I'm sure he will."

Longshore Union Strike Hits Lab

BERKELEY (AP) — Production and maintenance workers have walked off their jobs at Cutter Laboratories, Inc., a Berkeley drug firm.

The 250 members of the International Longshoremen's and Warehousemen's Union are seeking a 40-cent an hour increase in wages and benefits. The strike, which started yesterday, halted production at the firm, although 300 non-union supervisors and office workers are still on their jobs.

The present hourly wage scale ranges from $2.32 to $3.44 an hour.

Cartoons are funnier on color TV.

Color can be funny on TV for the same reason it's funny on clowns. Take an animated children's show on color television. An angry face turns six shades of red; a tossed blueberry pie becomes colorfully gooier.

Color TV captures the clowning with a picture that's bright and true. The sets are easy to tune. There are more programs in color than ever before, and more models and prices to choose from.

MULTIPLE CHOICE ON BALLOT

Illinois voters on Nov. 3 will be confronted by this three-foot long separate ballot listing 236 choices for the State House of Representatives. Stanley Holzman, chairman of the Chicago Election Board, holds the lengthy list. Disagreement on reapportionment forced the vote to be conducted on an at-large basis. (AP Wirephoto)

Sparse Turnout Hears Details Of Novato-San Jose School Merger

A public hearing on unification of San Jose and Novato School districts produced some clarification of the proposal but no controversy last night.

About 20 persons—most of the members of the Marin County Committee on School District Organization, the two school boards and the two districts' staffs—attended the session in the Novato High School cafeteria.

The meeting was the second of two official public hearings scheduled by the county committee before the Nov. 3 election when voters will decide on unification. The first hearing Tuesday night at Pacheco School drew nobody from the public.

Most of last night's discussion centered around the bonded indebtedness proposal. As a separate ballot item, voters will be asked to approve assumption of the bonded indebtedness of Novato and San Jose districts by the proposed new unified district.

The unification proposal will require only a simple majority of the total vote, but the bond leveling proposal must carry by a two-thirds vote in each district to be effective.

Earl Marshall, chairman of the county committee, predicted the leveling proposal will pass. If it does not, the two districts will "forever have a psychological sense as a reminder they once were separate," he said.

E. L. Blackmore, of the county superintendent's office, explained that the law provides a new unified district may assume any part or all of the bonded indebtedness of the component districts. The Novato-San Jose proposal is for assumption of all indebtedness. If it is approved, a new bond redemption tax rate will be computed.

If bond leveling is not approved, taxpayers in each of the former districts will continue to pay off their bond debts separately. Any bonds of the new unified district will be added.

This "could pyramid to a terrific bond redemption rate," Blackmore said.

Outstanding bonded indebtedness of the San Jose District is $346,000; of the Novato district, $2,793,000.

Blackmore also explained that if San Jose District unifies with Novato, its responsibility for San Rafael High School District bonds will be in the same proportion as San Jose's assessed valuation is to the entire high school district's assessed valuation. He estimated this to be about 8 per cent of San Rafael High School District's outstanding bonds. (San Jose School District operates classes through eighth grade and sends high school students to San Rafael.)

James G. Bunker, Novato superintendent, pointed out that putting all bonded indebtedness in one package will mean the new unified district can get state aid loans and still have no higher tax rate for bond redemption than is now being levied. "It is financially unsound to do anything but lump the bonds together," he said.

On another aspect of the unification proposal, Bunker explained that if unification passes, arrangements will be made with San Rafael High School District for at least 500 San Jose District high school students to continue education there until facilities can be built by the new district.

He noted that San Rafael could charge $200 per student per year as tuition but will waive the fee on the basis that San Jose taxpayers have already contributed to the San Rafael building program.

Bunker said many San Jose students may want to finish high school at Terra Linda or San Rafael High, and he saw no reason why the new board would not go along with such requests.

One man in the audience, who said he had a daughter in a Novato sixth grade, wanted to know just how unification would affect him.

Marshall said he did not think any difference would be noticed.

Ranch Donated To Boy Scouts

SANTA BARBARA (AP) — A $300,000, 215-acre ranch in the Santa Ynez Valley, 30 miles northwest of Santa Barbara, has been deeded to the Boy Scouts.

Rancho Alegre includes two residences, stables, a workshop and other buildings.

The donor is Mrs. Baguette M. Clark. The gift carries out the wishes of her late mother, Mrs. Anna E. Clark, officials of the Scouts' Mission Council said.

Audubon Outing

Marin Audubon Society members will take a field trip to Point Reyes and McClure Beach Saturday, announced Philip W. Kearney, 655 Summit Avenue, Mill Valley.

State To Interrupt South-Bay Span Use

SAN FRANCISCO (AP)—The San Mateo-Hayward bridge will be closed Friday from 12:01 a.m. to 6 a.m.

The State Division of Bay Toll Crossings said today the closing will permit repairs to the west fender, demolished in a recent tugboat accident.

A. R. Senter Handed Gavel Of Strawberry Rec District

Arthur R. Senter, former vice chairman of the Strawberry Recreation District, last night was elected its chairman.

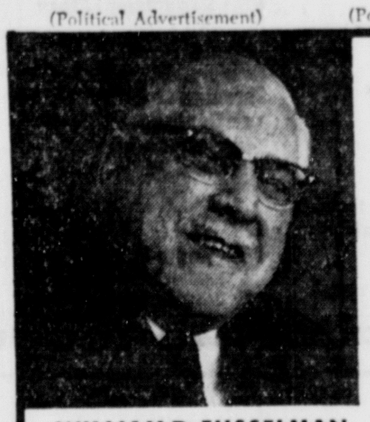

C. G. Bush was elected vice chairman, while retaining his title of property manager.

As chairman Senter replaces L. J. Smith, who has moved from the district. Smith's place on the five-man board has been filled by William D. Fraser, appointed by county supervisors on recommendation of district directors. The term expires the end of this year.

Four persons are running in the Nov. 3 election for the places to be voted by Fraser and Russ R. Lloyd.

The board discussed plans for construction of tennis courts, baseball filed backstop and a storage building at Strawberry Park, but reached no decision secretary Patricia M. Gowen reported. Further discussion is scheduled for an adjourned meeting at 8 p.m. Oct. 29 at Strawberry Point School.

EPISCOPAL CHURCH IN UNITY EFFORT

Open Communion Backed At Session

ST. LOUIS, Mo. (AP)—A major advance in Christian unity efforts was seen here today in prospective steps by the Episcopal Church to open its celebration of the Lord's Supper to baptized members of other denominations.

The move would revamp the church's long standing rules allowing only members to share in Holy Communion, under ordinary circumstances.

Although still to be ratified by the House of Deputies, the change was approved without dissent yesterday by the House of Bishops.

It would clear away one of the oft-cited obstacles in reunion talks that have been going on for three years with five other major denominations.

In the midst of the current ecumenical movement, the bishops said "the time has come" when Christian churches should welcome to the Lord's table all "duly baptized Christians" belonging to other denominations.

The other five denominations engaged in the unity talks — the United Presbyterians, Methodists, Evangelical United Brethren, Disciples of Christ and United Church of Christ — already practice "open" communion.

As their two-week convention neared its scheduled closing tomorrow, the bishops also issued a plea for each of the church's 3.5 million members to act as "an agent for reconciliation" in the movement for interracial justice.

Lutherans Calling For Rights Support

COLUMBUS, Ohio (UPI) — The Christian Church "may very well stand or fall by her proclamation and practice of righteousness in human relations" in this generation, the president of the American Lutheran Church said last night.

The Rev. Frederik Schiotz called for full support of civil rights by all peaceful means as he opened the second general convention of the 2,544,617-member church group.

The highlight of today's session will be election of a vice president. Dr. Norman A. Menter of Detroit is completing his second two-year term as vice president and is eligible for re-election.

The voting delegates also will meet today in five groups of 200 each to consider reports of board, commissions and committees.

Schiotz said the church's job is to proclaim and instruct and an integral part of scriptural teaching is that "human rights takes precedence over all other rights—be they called property or church rights."

Each pastor and layman must "relate himself to the human relations issue as it obtains in his own community," he said.

The church leader also called on delegates to "see to it that the doors of your church swing as wide open in welcome to all people as do the arms of the Savior."

Prelate Attacks Council On Modern Day Problems

VATICAN CITY (AP) — The top Roman Catholic prelate of England assailed the Vatican Ecumenical Council's document of modern world problems today, charging that it keeps married couples guessing on the use of birth control pills.

Archbishop John C. Heenan made the first open mention of contraceptive pills in the assembly of Roman Catholic prelates. He said the council should recess for three or four years and let laymen advise clergymen on modern world problems.

Clergymen, he said, "hardly know the world as it really is."

Archbishop Heenan's assault on the document — or schema as it is officially called — was described as a bombshell by a council spokesman. The English prelate denounced the schema as a "set of platitudes" that would "dash the hopes of everyone who has been awaiting it."

Council press spokesmen said applause echoed in St. Peter's as the archbishop blistered the schema — which deals with problems ranging from nuclear warfare to birth control.

He described the document in the bitterest terms used by any of the council fathers since they started debating it on Tuesday.

Archbishop Heenan told the council that it would become "a laughing stock in the eyes of the world if it now rushes breathlessly through a debate on world hunger, nuclear war and family life."

'EXTRA' DRILL

Mixed Up Report Proves Alarming For School

Pupils at Richardson Bay School in Sausalito got an "extra" fire drill yesterday when through a comedy of errors, a fire was reported in the boiler room of the school. It was one of two false alarms during the day in Sausalito .

"There is a lot of steam coming out of the boiler room," Principal Robert D. Thomson telephoned to Mrs. Mary La Violette, school district secretary, shortly before 1 p.m.

Mrs. La Violette said she would call James Martinoni, district maintenance head, whom she knew was having lunch at the firehouse. "I telephoned Jimmie," she said, "saying please get up to Richardson Bay. They need help quick. I did not say there was a fire."

Two trucks, with crews including Martinoni, a volunteer fireman, rolled to the scene.

"It gave us a chance for a good fire drill," said Thomson, who pulled an alarm when the trucks arrived.

The second false alarm came at 8:29 p.m. when a waiter at the Trident at 558 Bridgeway called firemen to say some people passing by in a boat had just called to him saying, "Flames are shooting out of the Glad Hand Restaurant." This, too, proved false.

Labor Council Backs Transit Measure B

The Marin County Labor Council last night endorsed County Measure B, which would authorize a Marin Transit District.

The council already had gone on record in favor of Measure A, calling for low-cost housing for the elderly to be erected by the Marin County Housing Authority.

THAT'S MUSIC?

Jazz trumpet star Al Hirt holds his ears in mock horror as Boston Pops Orchestra conductor Arthur Fiedler, who plays only piano and violin, tries out Hirt's trumpet. Fiedler, who is used to conducting a 97 piece orchestra, was in New Orleans yesterday to direct the bearded trumpet player's six piece band for one evening. Hirt performed with the Boston Pops last spring.

Fusselman's 'Stomach Is Upset'; Kettenhofen Must 'Debate' Alone

The scheduled debate between supervisorial candidates Ernest N. Kettenhofen and incumbent William D. Fusselman failed to materialize in San Anselmo last night when Fusselman did not appear.

A crowd of 60 at Isabel Cook School was told at the start that the supervisor had a "severely upset stomach."

The session, sponsored by the San Anselmo Homes Assn., was set up with strict ground rules covering time of opening statements and time allowed each candidate to answer four written questions.

Candidate Kettenhofen suggested that the rules be changed to allow questions from the floor after he had given answers to each of the written queries.

The change was adopted, but what few questions there were failed to provide much of a foil for Kettenhofen.

In his opening remarks, Kettenhofen said Marin County is going through an unusual phase of development which carries with it a "design for disaster." He said disaster can be avoided only through careful, long-range planning.

Without planning there can be disasters in many fields including parks and recreation, flood control, roads, housing for the elderly, and taxes, he declared.

He deplored the duplication of the many taxing agencies in the county and the waste in duplication of governmental services. He spoke in favor of a charter form of government, saying it would solve many of these ills.

He said the attempt at a charter six years ago probably failed because the charter was "over-designed."

He called for a simpler charter with the controversial items deleted for later debate.

In answer to the first question, regarding coordination of city and county planning and giving cities some voice in zoning on adjacent county lands, Kettenhofen said such cooperation could be achieved to some extent through a charter government.

Until this is accomplised, he said, pooling of city and county planning staffs might go a long way in solving the problems. He made it clear that there should be no pooling of planning commissions.

He said the Short Ranch development adjacent to San Anselmo was unfair to the city because access is only through city streets. He declared cities in such cases should have some veto power or at least heavy influence.

Kettenhofen said he favors an over-all plan of density for all areas of the county. When a variance was allowed giving a density higher than indicated in the plan, it would mean open areas must be retained nearby for recreation.

In regard to the second question on road development, Kettenhofen said he favored making Highway 101 part of an interstate system. This would free more federal highway money for use in the county, which in turn would release state funds now being used on the highway for other road development.

A county-wide bond measure for roads may also be needed, he said.

Kettenhofen spoke at length against the proposed east-west route through the county that would follow Sir Francis Drake Boulevard through San Anselmo and Fairfax. He urged instead a route along the ridge to connect Highway 101 in an interchange at the Civic Center. He said there should be several feeder roads from this route so that one area does not get a heavy volume of traffic.

Federal money should be made available for this highway since it would be serving mostly visitors to the Point Reyes National Seashore, Kettenhofen declared.

To the third question, on the proposed flood control project through Ross Valley to Fairfax that would convert Corte Madera Creek into a concrete "box" culvert lined on both sides by chain-link fence, Kettenhofen recounted his plan for half a project.

He said the lower portion of the project should be built as far as Ross, but the upper portion, if developed as planned, would be a disaster. The suggestion, posed by Kettenhofen several months ago, has already met with approval of government officials in Washington, he said.

He charged that Fusselman had approved the culvert plan throughout.

Mrs. John West of San Anselmo arose later to say that Fusselman had since endorsed the San Anselmo City Council's protest to the plan.

On the final question, a lengthy one regarding property taxes, Kettenhofen was asked how he would deal with apparent inequities where open land is assessed at a lower rate than developed land.

The candidate said he thought adjustment necessary, but he warned that sudden increases on open land can force property on the market all at once.

He suggesed warnings for owners whose land has been assessed at a low level for many years to alert them, perhaps a year in advance, that the assessment would go up.

Kettenhofen said County Assessor Bert W. Broemmel was generally doing a good job with "the tools he has to work with." He said state rules on appraisals limit the tools a great deal.

Proposition 1 Aid To Marin Parks Outlined

Passage of Proposition 1, the proposal for a 150-million-dollar state bond issue for parks and recreational facilities, would mean an apportionment of $453,150 to Marin County, Kelvin J. Nelson, county recreational director, reported today.

These funds would aid in implementation of the county master plan for parks, recreation and open space, he said.

Passage also would benefit development of Marin Headlands State Park, covering the area of Forts Baker, Barry and Cronkhite, Nelson reported.

Total acreage of the three forts is 3,602 acres. The State Division of Beaches and Parks now owns 183 acres of Fort Cronkhite on the extreme upcoast end and 130 acres of Fort Baker on the opposite end where it borders the City of Sausalito.

Proposition 1 will provide 85 million dollars for acquiring state park lands and 20 million dollars for minimum development of these lands, Nelson said.

Passage of the proposition also would benefit the proposed additions to Mount Tamalpais State Park which would provide land for camp sites, picnic units, 24 miles of riding and hiking trails, and 12 miles of scenic drives with 17 vista points, Nelson said.

Merchants Skip Parking Lot Visit In San Rafael

Only two downtown merchants yesterday took up Mayor John F. McInnis on his invitation to trudge up the just-completed ramp that will lead to the second deck of the City of San Rafael's parking lot at Third Street and Lootens Place.

Also on hand at 3 p.m. for a "walk-up" were president Robert W. F. Severin and manager Jack Alvarado of the San Rafael Chamber of Commerce.

They heard assurances from the contractor, Shanley and Nicholson of San Jose, that the double-decked parking lots at both Third and Lootens and Fifth Avenue and C Street will be ready for use before Thanksgiving.

Mayor McInnis said it has not been decided whether meters will be set for one hour, two hours or more on the new decks.

LBJ Avers 'Smearlash' Hurts Barry

BUT GOP Still Raps 'Corruption'

COMBINED UPI & AP

President Lyndon B. Johnson views GOP corruption-and-immorality attacks on him and his administration as a "smearlash" that is driving voters from Republican ranks.

He told a crowd in St. Louis last night that this was the opinion of a "good Republican" he had talked to in southern Illinois during his three-state campaign swing yesterday. Johnson clearly agreed.

The chief executive at Akron, Ohio, denounced "muckraking, slanderous comments and mudslinging" during this election year. He said he had noticed a trend of Republicans away from the leadership, "the temporary leadership," of their party.

PAUSE FOR RITES

The presidential candidates paused in their campaigning today to attend memorial services for the late ex-president Herbert Hoover in New York City.

President Johnson, his GOP challenger, Sen. Barry M. Goldwater, and their running mates, Sen. Hubert H. Humphrey and Rep. William E. Miller, were expected to cross paths at the private funeral services at St. Bartholomew's Episcopal Church.

The moratorium on campaigning will be brief, however.

After the services Goldwater planned to fly to Los Angeles. He is scheduled to begin a one-day whistlestop train tour in Southern California tomorrow. There was a slim chance he would try to make a campaign appearance in San Francisco late tonight.

Democratic vice presidential candidate Humphrey was scheduled to speak at Rochester, N.Y., before attending services for Hoover. He also planned to make a campaign appearance in Boston afterward.

In Rochester, Humphrey described Goldwater as a man who "distrusts the past, misrepresents the present, and misunderstands the future."

WOMEN'S GATHERING—Mrs. Barry Goldwater takes rostrum in Colorado Springs, Colo., yesterday during one of three visit to GOP women's gatherings in Colorado. The party mascot elephant on the platform wears horn rim glasses. (AP Wirephoto)

"If there is one issue dominating all others in this campaign it is this—which candidate for president of the United States is better prepared for assuming the fearful responsibility for the destiny of America both at home and abroad.

"The choice is a simple one—between the radicalism of Senator Goldwater and the responsibility of President Lyndon Johnson," Humphrey said.

"CORRUPTION" ISSUE

Humphrey's opposite number, GOP vice presidential nominee Miller, said at Dayton, Ohio, last night that the "real issue in this campaign is character versus corruption.

"When Senator Goldwater takes office there will be the dawn of a whole new era of respect for law and order. We will make the streets safe again for your wives and children," he said, adding that "the cloud of suspicion over the White House grows darker than ever before."

Goldwater touched on the same theme at Philadelphia last night. He told one group, "the men who control the Democratic Party have turned it into the party of the fast buck and the slow investigation."

JOHNSON ON PEACE

Johnson bore down on the theme that "peace is the most important issue in this campaign." He said there could not be the kind of "total victory" his opponent has been advocating.

"In a world such as this — a nuclear world—there is no room for bluster and bluff and belligerence," he said. "There is room only for courage, intelligence and reason."

Johnson said the Republican policies "are built on dangerous foundations, because they talk about a nuclear war as if it were inevitable and a nuclear bomb as if it were 'merely another weapon'."

GOLDWATER

Senator Goldwater says the U.S. wheat sale to the Soviet Union, coupled with aid to Communist satellites, "has actually helped Russia herself to the point that she can put a team in that can depose Khrushchev and lean more heavily to Red China."

The administration is to blame, Goldwater said, partly because it fell for the position that there are "good Communists" like Khrushchev and "bad Communists" like the Red Chinese.

"The only disagreement between 'good' and 'bad' Communists," Goldwater said, "is a disagreement on how to bury us."

SALINGER

At Santa Barbara Sen. Pierre Salinger urged passage of a 150 million dollar beach and park bond issue (Proposition 1) on the November ballot today because "too many . . . beaches already look like Coney Island on Sunday afternoon."

In a speech at Visalia yesterday Salinger called President Johnson a friend of California farmers who knew more about agriculture than any president in the past 50 years.

"He is determined that California farmers will not suffer a shortage of either," Salinger said in reference to labor and water problems.

MURPHY

At Santa Rosa Republican U.S. Senate candidate George Murphy, confident he has closed the political gap, today called his opponent an "insincere intruder" who was rejected by rank and file Democrats.

The GOP candidate said, "polls, both public and private, now clearly show that I have closed the gap. The people of my state agree with my statements of the issues, my positions, my programs and my principles."

Air Defense Chief Pays Visit To Marin

Lt. Gen. Charles B. Duff, commander of the Army Air Defense Command at Colorado Springs, Colo., left Hamilton Air Force Base today after a two-day inspection of Army defenses in the Bay Area.

He inspected the 28th North American Air Defense Region headquarters at Hamilton, and units of the Sixth Region, Army Air Defense Command, in Marin County and San Francisco.

Remains Near Death

NEW YORK (UPI) — Lorraine Hansberry, whose play "Raisin in the Sun," won the Drama Critics' Circle Award in 1959, remained near death with cancer today. Miss Hansberry, 34, whose "The Sign in Sidney Brustein's Window" opened to mixed notices on Broadway last Thursday, was put on the critical list at University Hospital Tuesday and her condition was reported to have deteriorated yesterday.

Gate's Pothole Problem Probed

A 40-foot-deep pothole in the ocean floor near the south tower of Golden Gate Bridge became a deep problem today among some bridge officials.

Bridge engineer Arthur C. Jenkins announced he was awaiting results of a survey on the pothole so he could determine if the multi-million dollar span is in danger.

James Adam, general manager of the Golden Gate Bridge and Highway District, insisted, however, that the survey he ordered last week was "just routine."

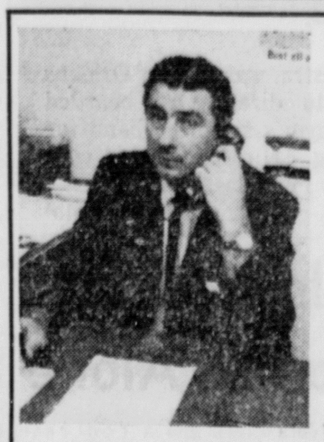

Jenkins would not make such a statement. He said there is no way of knowing if the pothole, first surveyed in 1949, has moved closer to the south tower until after the report is made.

He expects results of the survey by next week.

The 1949 survey showed the scoured pothole to be 40 feet deep and 60 feet in diameter.

Mr. PAY TV Official, how dare you make me a cheapskate in the eyes of my family?

To a youngster, the difference between Pay TV and free tv is not easy to grasp. All that today's happy youngster knows is that he merely has to turn the dial of the family's tv set—and there, lo and behold, is the big football game. But if Pay TV takes over, with its forbidding money-meter clamped on your living room set, what do you tell him? How will a dad explain to his son that the freedom to watch tv is no longer his—that the family can't afford to run up bills every time there's a ball game on tv, and every time sis or mom want to see one of their favorite programs? How will a child stifle his jealousy of the rich kid up the street? Probably no youngster will ever say it out loud, but it will be hard to keep from thinking, "Dad's a cheapskate." Won't it?

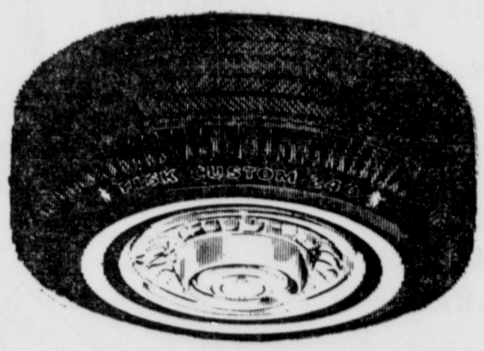

What is Pay-TV? The tragedy of a child's stolen fun. The humiliation of parents, who will not be able to afford up to $1,000 a year for home tv entertainment which has always been free before. If Pay-TV takes over, millions of California homes will be plunged from happiness to gloom. Don't let this happen. Vote YES to repeal the unfair Pay-TV law.

Peninsula Police Crack Car Scheme

PALO ALTO (AP) — Police said today they have broken up a far-ranging auto theft ring involving more than $40,000 worth of stolen cars and charged two sons of a Palo Alto elementary school principal with master-minding the operation.

Richard A. Beeson, 23, Palo Alto, is in custody on a charge of grand theft. His brother Donald, 20, is sought on the same charge.

Detective Lyle Vik said police also have recovered six stolen cars stored in rented garages, plus equipment stolen from a Palo Alto electronics firm and aircraft radios stolen in Stockton.

The cars were stolen in Palo Alto, Mountain View and San Francisco.

The Beeson brothers used an elaborate scheme — involving purchase of wrecked cars and transfer of identifying papers to the stolen cars—to gain title to the autos, Vik reported.

Before their arrest, police said, the brothers already had sold one stolen car in Los Angeles for $695 and another in Palo Alto for $1,200.

Two Negroes, White Ask 'No' On Prop. 14

Three speakers, two of them Negroes, strongly urged defeat of Proposition 14 during a discussion last night of "The Racial Problem: A Crisis in Human Understanding," at the San Geronimo Community Presbyterian Church.

It was the second of two Wednesday night sessions on the subject sponsored by the church.

Judge Joseph P. Kennedy of San Francisco Municipal Court said passage of the proposition, which would nullify the Rumford Act and other fair housing laws in the state, would give a person "the right to be a bigot."

He warned that passage might have a "snowballing effect," leading other states to adopt similar laws.

William Clay, a political science student at College of Marin and former resident of Mississippi, seconded Judge Kennedy's statements.

He told of his work the past summer trying to register Negro voters in Mississippi and said, despite his experiences, that a change is coming in the South. He could not predict when or in what form it would be.

Dr. Arnold B. Come, professor of systematic theology at San Francisco Theological Seminary at San Anselmo, was the only white on the panel. He said passage of Proposition 14 would show that the conscience of Californians is "both sub-human and sub-Christian."

We must exhibit our most sensitive and broadest conscience in this November election," he said.

About 80 attended the session. Rev. Charles L. Orr Jr., pastor of the church, was moderator.

7:40 p.m., Novato — Cigarette blamed for grass fire at Wilson Avenue and Vineyard Road which burned 40 by 60 feet area; minor damage to old picket fence.

8:29 p.m., Sausalito — Fire, possibly caused by cigarette, burned portions of two pilings beside Trade Fair on El Portal.

Band Will March Again For Games

The blare of a marching band will add to the enthusiasm of San Rafael High School rooters at the rest of this year's football games.

Principal Alfred N. Thomson announced to a student forum yesterday that the band, discontinued for lack of enough players, will be back in action after all.

Thomson said today he hopes the uniformed marchers will play at all the rest of the season's games, starting with that at 8 p.m. tomorrow with Marin Catholic High School on the San Rafael field. San Rafael High has four games left on its schedule.

The marcing band — which is in adition to the school's concert band — was discontinued this year for lack of sufficient players. Melvin Stanley, band director, explained this resulted from small band enrollment from freshman and sophomore classes, which usually make up the marching band.

Members of the concert band volunteered to play in the marching band also, Thomson said. Also, some other students who have had band instruction but were not enrolled for it this year volunteered to practice once each week to keep alive the marching band tradition.

Sausalitan Hurts Leg In Cycle Accident

Larry M. Urban, 24, of 424A Locust Street, Sausalito, was treated for a scraped leg at Marin General Hospital following a motorcycle accident at 3:45 p.m. yesterday on Lucas Valley Road four miles west of Highway 101.

Urban was traveling east on the road when his light motorbike hit a new section of blacktop and flipped over, according to the California Highway Patrol.

California Officials Expect Speedy Vote Count

SACRAMENTO (CNS)—While the national television commentators may call the Nov. 3 general election before some Californians have had the chance to vote, the outcome of California's part of the election should not be too long in becoming known.

According to the office of Secretary of State Frank M. Jordan, more than 80 per cent of the registered voters in California are in counties which use voting machines or electronic tabulating machines, by far a new record total.

Jordan has estimated that as high as 92 per cent of the voters may go to the polls on Nov. 3. This compares with a 90 per cent forecast by Ben Hite, registrar in Los Angeles county, and the 88 per cent turnout in the 1960 presidential election.

The registered vote in the counties using mechanical equipment amounts to 6,618,694 out of the state total of 8,184,151, or 80.9 per cent of the total.

If 90 per cent of the voters cast ballots in the election, the voting machines or electronic counting devices will be used for an estimated 5,956,825 votes. Unless races are extremely close, this should set the trends.

Counties using voting machines or tabulating devices, along with their registered voters include: Alameda, 508,067; Contra Costa, 220,860; Los Angeles, 3,137,194; Orange, 463,003; Riverside, 166,413; Sacramento, 263,612; San Bernardino, 247,634; San Diego, 496,445; San Francisco, 389,990; San Joaquin, 111,041; San Mateo, 250,136; and Santa Clara, 364,299.

Flight Pattern Briefing Today

A public briefing on the new Novato approach flight pattern to Hamilton Air Force Base will be held at 8 p.m. today in Theater No. 2 on the base.

Lt. Col. Wilbur A. Tapscott, commander of the 84th Fighter Interceptor Squadron, will give the briefing.

Guards at the main gate will have maps showing the location of the theater for those unfamiliar with the base.

The briefing is the outcome of demands by Novato housewives who have been concerned with the low-flying planes over residential areas of the city.

Driver Hurt By Crash Into Parked Vehicle

Peter Douglas Anderson, 72, of 15 Melville Avenue, San Anselmo, was slightly injured Tuesday when his car struck a parked car while going east on Sir Francis Drake Boulevard at Laurel Avenue, Kentfield, the California Highway Patrol reported.

The parked car was owned by Raymond E. Bobo, 211 California Street, San Rafael. Anderson was treated by a private physician for a cut lip.

OTHER PEOPLE'S BUSINESS

By HARRY CRAFT

Greenbrae-Kentfield Branch Of Bank Scheduled To Open

The Greenbrae - Kentfield branch of **Tiburon National Bank** is scheduled to open in temporary quarters at 917 Sir Francis Drake Boulevard, Kentfield, Oct. 30.

The appointment of **John J. Gallo** of Larkspur to manage it has been announced by **Charles Tijerina**, president and chairman of the board. Gallo was formerly associated with the United California Bank in San Francisco and the First National Bank of Nevada. He is a member of the American Institute of Banking.

Tiburon National's branch bank near the Alto-Highway 101 intersection will be opened after the first of the year.

VINYLKOTE OF MARIN, opened by **Robert Pack** of Kentfield early this year, has also become established in Sacramento where it is known as **Nordine's Vinyl Repair. O. C. Nordine**, Pack's associate, handles the run-of-the-mill local business there; the two join together on large contracts.

Their service is the repairing and restoring of vinyl and leather upholstery from cracks, tears, punctures and damage from cigarette burns.

LEWIS A. GODARD of Greenbrae is celebrating the 100th anniversary this weekend of the **Hobbs Wall Lumber Co.** with which he is associated West Coast forest products wholesaler. Godard joined the firm 37 years ago. He has been a director since 1962.

ARTHUR MINDLE of Terra Linda has been made vice president and general manager of **Therm'x Corp.**, San Francisco. The firm is an import and export distributor.

SANFORD H. PAGANUCCI of Ross has joined the stock and bond brokerage house of **Bache and Co.** at its San Francisco offices as a registered representative. He formerly was in the advertising business.

MRS. JANET EVERSON, personal secretary to **Byron W. Leydecker**, president of **Redwood National Bank** since its organization two years ago, has been appointed assistant secretary of Redwood's board of directors.

IRA B. SWAIN who has real estate offices in San Rafael and San Francisco has been elected to represent the **Motel Brokers Assn. of California.**

Chrysler Shaves Loss To Fraction

NEW YORK (AP) — The stock market closed irregularly lower today in active dealings.

Chrysler shaved its early loss of 2⅛ to a fraction.

Volume for the day was estimated at 4.8 million shares compared with 5.2 million yesterday.

Losses of fractions to a point or so outnumbered gainers.

Chrysler, halving its worst loss, was down about a point following news of its drop in quarterly profits and declaration of a 4 per cent stock dividend. General Motors also was down a point. Ford eased.

Reynolds Tobacco fell more than a point on its report of lower earnings and affected other cigarette issues. Liggett & Myers took a similar loss while Lorillard and American Tobacco declined fractionally.

Steels were unchanged to a shade lower. Oils were up, Texaco rising about 2. Shamrock Oil gained more than a point in very active dealings.

Losses of about a point were taken by DuPont, Johns-Manville, Anaconda, Motorola, Corn Products and Continental Steel.

General Cigar advanced more than 2 as the cigarette stocks retreated.

U.S. Smelting spurted a couple of points. Ahead a point or better were such issues as Colgate Palmolive, Columbia Pictures, Metro-Goldwyn-Mayer, Eastman Kodak, Dan River Mills, J. C. Penney, J. P. Stevens and Tung-Sol.

Warner Brothers Pictures was unchanged following opening of its film, "My Fair Lady," while other motion picture stocks rose.

Prices were generally higher in heavy trading on the American Stock Exchange.

Corporate and U.S. government bonds moved mostly higher.

SATIRE PLANNED

School Will Poke Fun At Own Image

San Rafael High School will use satire to inform students about their student government in an assembly program Nov. 23.

"This Is the School That Is," modeled on the television program, "That Was the Week That Was," will be presented on that date, with acts by senior class and each of the school's service clubs, student president Mel Vanderbilt announced at a student forum yesterday.

About 250 students, selected by the student body president, vice president and secretary were excused from fourth period classes to attend the forum in the school cafeteria.

Discussed were the following questions:

1. Rules for the student parking lot, for which parking passes are required this year for the first time.

2. Possibility of restoring the hot lunch program at the cafeteria, which was discontinued because of losing money.

3. Role of the student police force.

4. Whether the Inter-Club Council, which has been allowed to lapse, should be revived.

5. Role of campus service clubs.

6. San Rafael High School accreditation by a Western Assn. of Schools and Colleges team which is to visit the school shortly.

7. Proposal for a mock presidential election, possibly also including balloting on some major state propositions.

8. Proposal for a debate between teams from the Young Democrats and Teen-Age Republicans.

9. Whether the student government should pursue enforcement of the ruling that purchase of a student body card be a requirement for membership in a school club.

10. Challenge the validity as a service club of a new campus organization. Challengers of Marin.

11. More effective use of bulletin boards.

12. A more effective cleanup committee for school dances.

The forum also discussed what the classes can do as projects, since they are no longer allowed to build up funds toward a senior ball through the four years of high school. Suggestions included helping the Pep Club with cost of decorating halls before football games, donating books to the library, buying uniforms for class song and yell leaders.

Principal Alfred N. Thomson urged students attending the forum to set an example in support of the football team.

Vanderbilt said it is hoped to hold such a forum each month. Accreditation will be the subject of the November forum, he announced.

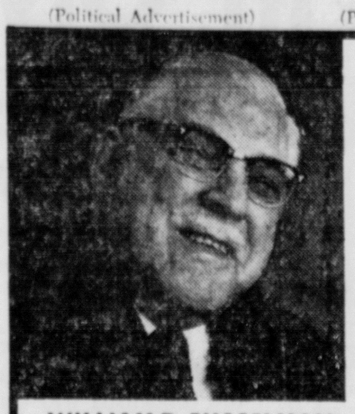

She Rides Bike Into Car Door

Linda Foor, 18, of 72A Lincoln Avenue, San Anselmo, suffered minor bruises yesterday when she bicycled into an open door of a car parked in front of the San Anselmo Post Office yesterday.

The car's driver, Mary Karis, 33, of 146 Tamalpais Road, Fairfax, told police she saw no approaching traffic before she opened the door to get out of the driver's seat.

Miss Foor said she was bicycling along San Anselmo Avenue when the car door opened suddenly in front of her and she was unable to stop before hitting it. Mrs. Karis was cited for opening a vehicle door into traffic.

Milwaukee Drops Legal Bombshell To Keep Braves

NEW YORK (AP) — National League club owners met today to consider the transfer of the Milwaukee franchise to Atlanta for 1965 but a bare-knuckle fight between the Braves and Milwaukee officials raised speculation as to what action—if any—the owners would take.

The Braves' board of directors voted yesterday to move the team—for the second time in 11 years—and the owners were expected to approve the shift.

But several hours after the club's decision to quit Milwaukee was announced, a temporary injunction was obtained by Milwaukee County officials restraining the Braves from moving or from seeking permission to move.

Whether the unprecedented legal maneuver would serve to block the club owners' action at today's special meeting in a mid-town hotel could not be determined. Legal papers apparently would have to be served here prior to the meeting.

League President Warren Giles said last night he had not been informed of the injunction and planned to go ahead with the meeting. He would seek legal counsel, he said, if it became necessary.

Milwaukee's legal counterpunch followed a 12-6 vote by the Braves' directors, meeting in Chicago, to shift the club.

The injunction forbids the Braves from applying to either the president of the league or the owners of other clubs for sanction to move. It temporarily prohibits the Braves, who have a year remaining on their County Stadium contract, from arranging, agreeing to play or scheduling any 1965 games at any site other than Milwaukee.

Braves representatives were ordered by Circuit Judge Ronald Drechsler to appear next Tuesday to show cause why the injunction should not be made permanent.

Until the legal bombshell was dropped it appeared certain that the owners would approve the shift. Approval by six of the other nine clubs was needed and no serious opposition was foreseen.

Chicago Cubs owner P. K. Wrigley indicated how the vote probably would go. "I did not oppose the Braves' move from Boston to Milwaukee although it brought them into our territory," he said. "I will be consistent and not oppose their move to Atlanta."

Other officials, including George Weiss and Roy Hofheinz, presidents of the New York Mets and Houston Colts—the league's expansion clubs—indicated they would go into the meeting with open minds.

"We'll have to get both angles on the thing, Milwaukee's and Atlanta's," Weiss said.

Several owners, including those of the Pittsburgh Pirates, had said previously they would not oppose such a move.

The southern exodus of the Braves, charter members of the National League who moved from Boston to Milwaukee in 1953, was approved at a closed, two-hour conference—one day after league President Warren Giles called the New York meeting "to further discuss the situation and take action thereon."

After the directors' meeting, newsmen, including one from Atlanta, were handed a prepared statement by Braves' publicity director Ernie Johnson. The terse statement announced the decision to move the franchise but gave no reasons for the shift, explaining that Giles had asked that no information be released until after the New York session.

"Shortly thereafter," the statement read, "the Braves' management will release a detailed statement outlining all the various considerations for any action taken."

Although the Braves won't say so publicly, contributing factors to the decision included dwindling attendance and insufficient radio and television revenue.

Rumors of the move to Atlanta were circulated as early as the spring of 1963, shortly after Lou Perini sold controlling interest in the club to a syndicate of Chicago businessmen, headed by Bill Bartholomay.

Attendance had dipped from a high of 2,215,404 in 1957—when the Braves won the NL pennant and defeated the New York Yankees in the World Series—to 766,927 in 1962.

Bartholomay repeatedly denied the reports while Atlanta Mayor Ivan Allen Jr. insisted that a major league club had given him a firm commitment to move to the Georgia city.

Russia Favored To Overtake U.S. In Olympics

Independent-Journal Sports

Soviets Gain In Unofficial Race

By TED SMITS
Associated Press Sports Editor

TOKYO (AP) — Russia's onrushing Olympic forces, buoyed by the strength of gymnasts and canoeists, added 13 medals to their collection today, pulled to within nine of the United States' leading total and appeared to be in excellent position to overhaul the Americans.

The Russian gymnasts picked up six medals today on this next to last full day of competition in the 18th modern Olympics and paddlers added four, including three gold.

That gave Russia, which has dominated the last three Games, a total of 77, including 23 gold, 21 silver and 33 bronze. The United States got only two medals — but didn't really expect either of those — today and now leads with 88 over-all, 34 gold, 26 silver and 28 bronze.

Pretty Marcia Jones, a 23-year-old Michigan State student from Oklahoma City, surprised by picking up a bronze medal in women's kayak singles and Gloria Perrier and Francine Fox of Washington, D.C., got a silver in women's kayak pairs.

That helped. But everything points to Russia overtaking the United States tomorrow.

For example, the Russians are assured of seven medals in the boxing finals, either silver or gold, because they have that many fighters who have made the last round. The United States has one, heavyweight Bill Frazier of Philadelphia.

The Soviets seem assured of two medals in volleyball, where both their men's and women's teams are among the leaders. The United States is out of contention.

CAGE FINALS

The United States and Russia are matched in the basketball final, so each will pick up a medal there. But aside from the basketball and boxing medals, the United States doesn't have much hope.

That means, counting today's total and the medals which both countries are certain of taking Friday, the United States leads, 90-87.

But the powerful Soviet gymnastic team, which took 15 medals in 1960 and already has 12 in these Games, has 11 competitors in five final events Friday and could easily make up the difference.

The Russians also have an excellent chance for a medal in equestrian individual dressage where defending champion Sergey Filatov currently is fourth.

But the key to it all is the success or failure of the Russian gymnasts.

TEAM STRUGGLE

Although nationalism and team comparisons are discouraged by Olympic officials, the team struggle between the Americans and the Soviets has been a key factor ever since Russia began competing in the Games.

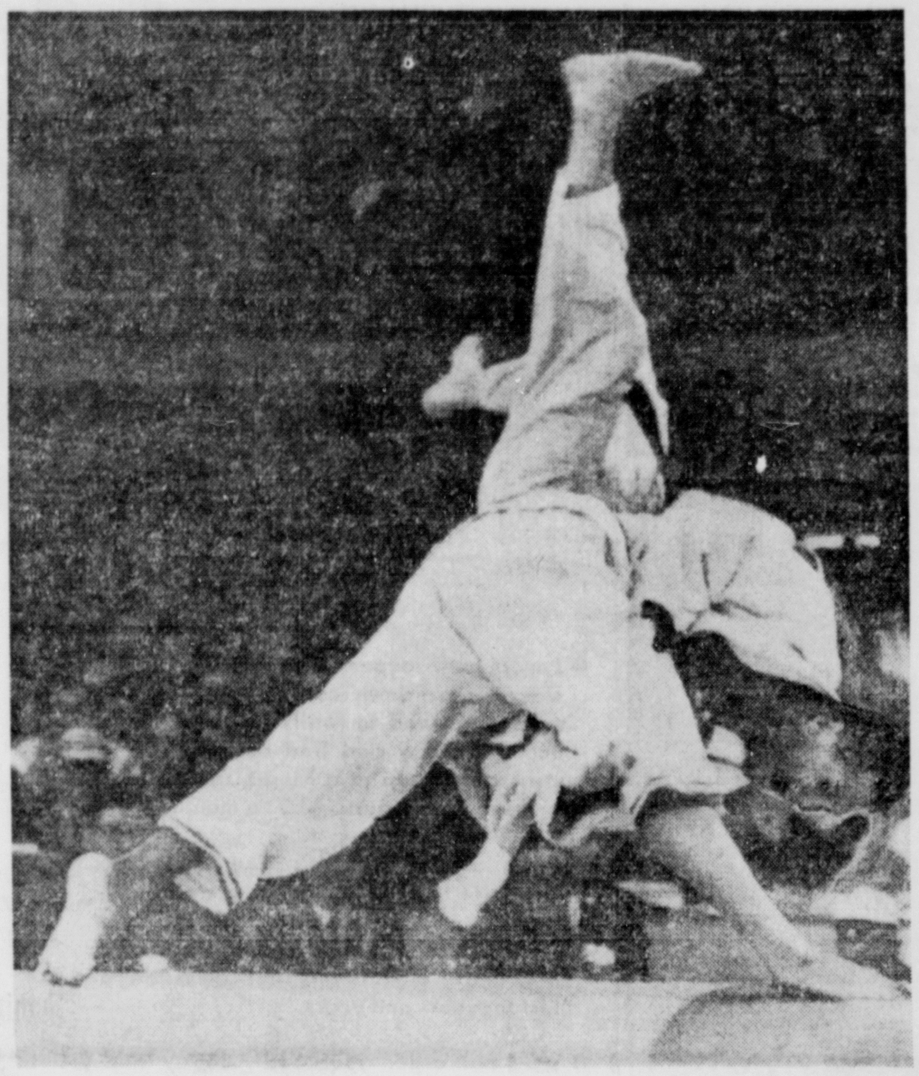

Only their first time out, at the 1952 Games in Helsinki, have the Russians lost. The United States won the medal race there 76-69, and 40-22 in gold. At Melbourne in 1956 Russia led 98-74 and 37-32 in gold. In 1960 at Rome the count was 103-71 for Russia overall and 43-34

Such team comparison was further discouraged today in a terse little message that moved on the official results wire of the Olympics. The message said:

"At the request of the Tokyo Olympic Organizing Committee, acting on the instructions from Mr. Avery Brundage, president of the International Olympic Committee, International Business Machines (which runs the results service) is discontinuing as of now the compilation and publication of the medals list."

The IOC always has objected to such tabulations, contending that each event is an individual competition and that nationalism should be discouraged.

The United States, which got surprising support from its shooters, also got some surprise help from its canoeists, who prevented an anticipated shutout in medals today.

Arnie's 67 Leads In Australia

MELBOURNE, Australia (AP) — America's Arnold Palmer took a one-shot lead today in the first round of the Wills Masters Golf Tournament at the Victoria Club.

Palmer went around the 6,755-yard course in 67, clipping six strokes from par.

South African Cobie Legrange and Australian Bruce Devlin, each at 68, and Australian Kel Nagle at 69 are Palmer's closest pursuers.

Tied at 70 are Ron Howell of Rockville, Md., and Guy Wostenholme of England, with Bruce Crampton of Australia next at 71.

Jack Nicklaus of Columbus, Ohio, mixed bad golf with some brilliant shots for a 72.

Palmer gave a great exhibition with birdies on six of the first 11 holes. He made only one real mistake in the round — at the 160-yard 14th, where he overclubbed, found a bunker and dropped a shot — but he made amends with fine birdie 4 on the 490-yard 18th.

"I am satisfied — if it is ever possible to be satisfied with a round of golf," Palmer said.

Nicklaus ruined his score with one slice which led to a triple bogey 7 on the 445-yard 12th. He hit the ball behind a tree, hit branch and dropped short. Coming out, he was short again with the next and finished by three putting

THE WEEKEND GRID LINEUP

A huge crowd is expected in Kentfield Saturday when the undefeated Drake Pirates (3-0) battle the rough Novato Hornets (1-1) in the week's feature attraction in the Marin Athletic League.

The game is scheduled at College of Marin stadium, 2 p.m.

In other MAL action, San Rafael (0-2) meets Marin Catholic (0-3) tomorrow night at 8 o'clock in the S.R. stadium, and Terra Linda (3-0) takes on Redwood (1-1) Saturday night at 8 in College of Marin stadium.

WEATHER AIN'T COOPERATING

Waterfowl Season Opener Saturday; Bay Area 'Best'

SACRAMENTO (AP) — Shooting starts at dawn Saturday for a California waterfowl hunting season that needs only some heavy weather to be a good one.

The problem facing hunters for the general season opener—the weatherman's prediction for at least a little more bluebird weather before the storms come.

And any duck hunter can tell you that bluebird weather is fine for most people, but not for ducks and the people who hunt them.

Despite earlier forecasts of a decrease in birds, state and federal officials now estimate there will be as many ducks and geese available in 1964 as last year, which was the best hunting since the duck decline of 1959.

The bulk of the birds are still in the northeast, where the season opened two weeks ago, but enough have moved south to provide some good opening day shooting in the central valleys.

The return to a season opening time of a half hour before sunrise instead of the noon start of recent years should mean at least one day's good shooting before the ducks scatter.

Hunters in the San Francisco Bay Area are looking for their best shooting in five years with the return of canvasbacks to legal status.

This year's rules permit a hunter's bag to include two canvasbacks, two redheads or one of each species.

The total daily bag and possession limit remains at six ducks and six geese for most of the state. The rule permitting one hunter to transport a limit shot and tagged by another man remains in effect.

New federal rules require that one fully feathered wing be left attached to each bird while being transported from the place it was taken to the hunter's home.

In addition to their licenses, hunters must have a $3 federal duck stamp to hunt waterfowl.

An estimated 125,000 Californians hunted ducks and geese last year. That was well below the estimated 175,000 who shot in the days before the duck decline of '59, when drought on the duck breeding grounds of Canada severely cut the populations.

Last year's bag was 2,342,000, up 37 per cent from the 1.7 million of the previous year. The goose kill rose 17 per cent from 316,000 in 1962 to 369,000 last year.

Five state waterfowl management areas open for hunting this weekend — Grizzly Island, San Luis Wasteway, Los Banos, Mendota and Imperial.

A week from Saturday in the opener for Gray Lodge, Colusa, Sutter, Delevan, Sacramento and Merced management areas.

Honey Lake opened Oct. 10, when the northeastern season started. Fees will be $3.50 a day at all the areas.

OLYMPIC SHOWDOWN

U.S. Basketballers: 'Well And Waiting'

TOKYO (AP) — The United States' never-beaten basketball team faces its biggest challenge in history tomorrow when it goes against a veteran Russian team in the finals of the Olympic championship.

"We're well and waiting," was the terse comment of U.S. Coach Henry Iba, who has directed the team through eight straight victories in this 18th modern Olympics.

The U.S. team generally has won handily, but is far from as overwhelming as the 1960 team that romped through the field with almost nonchalant ease.

"We haven't been trying to run up any big scores," Iba said. "We just want everybody to play and we want to try to play some defense, too."

The Russians, however, also have moved through eight games without major difficulty and are a match for the Americans in height and strength.

The United States has won five straight Olympic titles in the sport that originated in Massachusetts and has won 46 straight since basketball was introduced to the Olympics in 1936.

The Americans made the finals with a 62-42 triumph over Puerto Rico, but had to come from behind a one-point deficit at the half to do it.

Lou Rossini, the NYU coach who was loaned to Puerto Rico to guide its Olympic team, wasn't too impressed with the Americans.

"They don't look like a team that could win if they get behind the Russians," Rossini said. "The pressure defense won't bother the Russians and Iba's team leaves a little to be desired in outside shooting."

Russia beat the same Puerto Rico team 82-63 and made the finals on the strength of a 53-47 edge over Brazil, the 1963 world champions. The United States beat Brazil 86-53 earlier.

The match will be the fourth straight between the two countries for the Olympic title.

Black Day In Old Milwaukee

MILWAUKEE (AP) — Government and community leaders and fans are unanimously agreed—the announced plans of the Braves to move to Atlanta not only hurts Milwaukee but all of baseball.

"This is a sad day for baseball," said Gov. John W. Reynolds yesterday shortly after the Braves said in Chicago they would ask National League owners at a meeting in New York City today for permission to shift the franchise to Atlanta for the 1965 season.

"The owners of the Braves are showing a callous lack of faith in the people of Milwaukee and Wisconsin," said the governor.

He also pledged the resources of the state to Milwaukee County officials in their legal fight to force the Braves to live up to their stadium rental contract which covers the 1965 season.

Mayor Henry Maier said the Braves' action would remove any "illusion" that baseball is a sport rather than a business.

"I think that the circumstances of this transfer definitely gives big league baseball a black eye," added Maier.

Maier also said he had prepared a letter to Atlanta officials urging them to "particularly scrutinize proposed escape clauses" in any contract signed with the Braves and to "provide for sufficient damages in the event of a breach."

Maier said the letter would be mailed if and when the Braves' move is approved by the league's owners. It also said:

"By all means attempt to put together a local group, men with local roots and local pride, to buy the Braves from the current management at the very earliest possible time.

TRAGIC END

"This action, which we were unable to accomplish, could insulate Atlanta from a repetition of the tragic end to the Milwaukee story."

County executive John Doyne said, "It's unfortunate that we have to do business with this kind of organization."

Rep. Clement Zablocki, D-Wis., said he believed the Braves' decision would be the "straw that broke the camel's back" in connection with government action to regulate baseball under federal antitrust laws.

Rep. Henry Reuss, D-Wis., who has threatened a congressional investigation of baseball, quoted from Robert Browning — "Just for a handful of silver have they left us."

Walter Rank, a member of a syndicate which has offered to purchase the Braves, said, "I think the move is uncalled for."

He said it was "a black day for Milwaukee," but added, "if they go ahead with the move, we're certainly going to try to bring in another club."

GARY LEWIS HEADED BACK TO THE 49ERS?

SAN FRANCISCO (AP) — The San Francisco 49ers National Football League squad now has a three-man backfield and one on the way—but who is he?

Name droppers yesterday were talking about Hugh McElhenny, Tom Wilson and others, but the concensus was that these are not the men.

Only one thing was relatively certain. Tackle Bob St. Clair, and backs Bill Cooper, J. D. Smith and Don Lisbon will be put on the reserve list so the team can add one player.

McElhenny's possibilities of joining the club are rather far-fetched. The colorful back who spent nine years with the 49ers is now with Detroit. Washington and possibly the Chicago Bears would have to pass up a Detroit waiver on McElhenny to bring him back to the West Coast.

Wilson, who is a free agent since he was cut from Minnesota's squad this year, also looks like he's out of the question.

The best guess is still the former 49er draftee, 232-pound Gary Lewis. He also is classified as a free agent, although he is playing with Joliet in the United Football League.

Rude-Awakening For The 49ers; They're A Half-Hearted Outfit

Jack Hanley

Maybe there still is hope for the 49ers. For the first time in several seasons they are beginning to look at themselves as football fans see them. If they keep looking long enough they might even come to the conclusion that fans reached long ago—they are a half-hearted outfit.

There are a handful of stout-hearted men on the team but collectively it is a half-hearted outfit that finally is beginning to realize pro football is a kind of war which demands an all-out effort in every Sunday skirmish, not on alternate weekends.

Actually, this fact long has been evident to the 49ers but never fully appreciated. However, the harsh reality of it is now beginning to sink into troubled minds that heretofore found one excuse after another for failure.

The blame in past seasons was put on Red Hickey. He was too tough as a coach. His language was intemperate. He stripped the players of their dignity, treating them as juveniles, not men. So went the excuses.

JACK CHRISTIANSEN hasn't once raised his voice since he succeeded Hickey. He has been patient. He has been tolerant. So Christiansen can't be blamed. The players know this better than anyone else. Didn't they openly declare at the outset of the season that team morale was excellent, that they were devoted to Christiansen, loved to play for him

Having thus gone on record, the players finally were forced to look elsewhere for a solution to their problems. Inevitably, the search came full circle and for the first time in a long while the 49ers are casting critical glances at themselves.

THE SELF-ANALYSIS started the other day at their Redwood City training camp after they looked at themselves in films of the Ram game. Their pride was severely jarred for it was obvious to one and all that the Rams out-hit them on virtually every play.

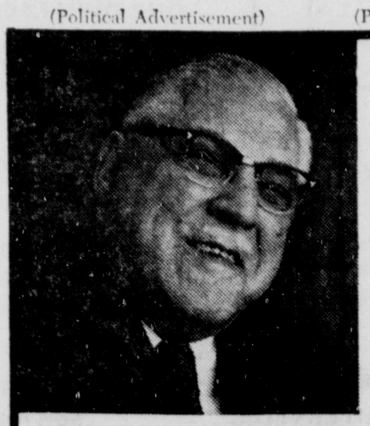

When the film ended, one of the veterans asked the coaches to leave. Then, behind closed doors the players said things to themselves that turned ears red. It was a meeting that has been long overdue.

Seals Acquire Bruin Castoff

SAN FRANCISCO (AP) — The San Francisco Seals of the Western Hockey League announced yesterday the acquisition of forward Mike Draper on trial option from the Boston Bruins.

Draper, 24, was a former prep star at St. Michael's in Toronto and attended the University of Michigan for four years.

Drake Stars Dominate Marin Prep Grid Statistics

Pirates Lead Loop In All Offensive Phases

By RALPH CHATOIAN

Drake High School's rampaging football team leads all offensive departments of the Marin Athletic League statistics, according to those compiled by the Independent-Journal.

After the first three weeks of the league campaign, Pirates are on top of all the individual statistics. Fullback Joe DeMasi and halfback Dean Lazzarini are 1-2 in the rushing department, DeMasi with 253 yards and a 6.7 average and Lazzarini at 229 and 7.4.

Pirate quarterback Al Simontacchi is leading the passers, with 16 completions out of 30 attempts for 304 yards. His best receiver, split end Larry Stein, is leading in receptions with 289 yards on 11 passes. That averages out at 26 yards per catch.

Lazzarini is the leading scorer in the league with 32 points on 5 touchdowns and 2 extra points.

Drake and Terra Linda are tied in team rushing figures, as well as tied for the league lead (3-0). The two top-rushing teams have reeled off 513 yards on the ground. Drake is alone in the passing game, with a total of 515 yards. In total yardage, Drake has 1,028 yards to Terra Linda's 860.

Novato, with two league games under its belt, is on top of all three defensive departments. The Hornets have allowed 165 yards on the ground and only 93 in the air for 258 total yardage allowed.

Tourney Winners At Indian Valley

Results of yesterday's second round of the Indian Valley Women's Golf Club Rosehill Tournament were:

Mrs. Ken Roberts and Mrs. Thomas Hardcastle d. Mrs. Warren Smith and Mrs. C. B. Coleman, 2 up; Mrs. Arthur Sears and Mrs. Rowe Waller d. Mrs. Frank Duddy and Mrs. Jerry Evans, 2 and 1.

Mrs. Roger Williams and Mrs. Harold Burnell d. Mrs. John Mumaw and Mrs. John Burmaster, 2 and 1; Mrs. Lynn Sumpter and Mrs. George Peavy d. Mrs. William Sparrow and Mrs. Joel Hamby, 2 and 1.

TOP RUSHER—Joe DeMasi (28), Drake High School fullback, is shown picking up short yardage against Petaluma in Drake's opening game of the season. Although DeMasi and his bull-like running ability is designed for short gains up the middle, he has picked up enough yards to place him on top in the Marin Athletic League rushing standings. Bears Hit By Rash Of Minor Injuries

BERKELEY (AP)—Several players suffered minor injuries yesterday when the University of California Golden Bears ran through new play combinations.

Ends Dick Williams and Mike Gridley; safeties Jerry Walker and Jim Hunt, and tackle Ron Calegari will still be ready to go against USC Saturday despite the injuries.

Coach Ray Willsey called the practice "not very inspiring."

STANFORD

STANFORD (AP)—Stanford's Indians concentrated yesterday on playing against Notre Dame's offensive plays in anticipation of their meeting with the Fighting Irish Saturday.

Coach John Ralston was optimistic about Stanford's chances against the nation's No. 2 ranked collegiate football team. He said the 1964 edition "is basically the same squad Stanford beat 27-14 last year."

PACIFIC

STOCKTON (AP) — Coach John Campora tried to beef up the University of the Pacific defense Wednesday for Saturday's game with San Jose State College.

He shifted Paul Latzke from tackle to center and Bill Sandeman into Latzke's old slot.

REDWOOD PASSER I-J PREP OF WEEK

Scott Murphy, the Redwood High School quarterback with a golden arm, has thrown himself into the title of Prep of the Week.

Murphy was chosen to the honor by I-J sportswriters after leading the Giants to a 21-0 victory over San Rafael last Saturday in Kentfield in Marin Athletic League action.

Scott's arm accounted for all 21 of Redwood's points. He threw two touchdown passes to end Terry Smith, one for 45 yards and the other for 11, and tossed another TD aerial to his other end, Bill Kilcoyne, this one for six yards. He also threw passes for the three extra points.

Throwing three touchdowns in one game was one of three school records broken by Murphy, snapping records set by Jim Troppmann in 1962. Troppmann that year played for the North in the Shrine prep all-star game.

Troppman's record was two touchdowns in one game. Murphy completed 16 of his 25 attempts, surpassing the record of 10 completions by Tropp. For the day's work, Murphy picked up 211 yards passing, bettering the 1962 record of 175 in a single game.

Since that game against San Rafael was one of records for Redwood, it should be mentioned that Kilcoyne's 11 receptions — including two extra point plays —broke Stan Tobiason's 1962 record of seven.

Murphy, a senior, stands 6-1 and weighs 170 pounds. He had thrown for only 19 yards against Drake in Redwood's league opener, but things were different against San Rafael. His performance pushed him up to the fourth spot among the league's passers.

OLYMPIC GAMES HIGH (AND LOW) SPOTS

U.S. Swim Stars Hailed As Greatest

By WILL GRIMSLEY

TOKYO (AP) — High and low spots of the 18th Olympic Games, ending Saturday:

Outstanding individual athlete (male) — Don Schollander, freestyle swimmer from Lake Oswego, Ore., four gold medals.

Outstanding individual athlete (female) — Sharon Stouder, butterfly and freestyle swimmer from Glendora, Calif., three gold medals and one silver (the latter from breaking the one-minute barrier in the 100-meter freestyle and finishing second to Dawn Fraser).

Greatest comeback — Betty Cuthbert, Australia, triple gold medalist at Melbourne in 1956, a flop at Rome in 1960 and winner of the women's 400 meter run in record time here.

Biggest disappointment — A tie between Harold Connolly, American hammer thrower, and C. K. Yang, decathlon ace from Taiwan, both world record holders who finished sixth and fifth, respectively, in their specialties.

Weirdest incident — Elvira Ozolina, Russian javelin thrower, who fouled four straight times and finished fifth. In remorse, she went to the villa beauty parlor and had her head shaved — a modern form of hair-a-kiri.

Timeliest quote — On the day of the political upheaval in the Kremlin and America's greatest medal production in the Olympics. "We knew we were clobbering the Russians but we didn't know it would force Khrushchev to resign," said Kenneth (Tug) Wilson, president of the U.S. Olympic Committee.

Biggest surprise — Billy Mills of Pine Ridge, S.D., in the 10,000 meter run. A half-Sioux again on the warpath.

Greatest feat of endurance — Abebe Bikila, body guard of Emperor Haile Selassie of Ethiopia, first man ever to win two straight marathons (26 les, 385 yards). The first time barefoot, the second time with shoes.

The reddest face — The Hungarian water polo player who had his swimming trunks yanked from him — leaving him in his wherewithal — before a packed swimming stadium and a national television audience.

Most dramatic victory — Fred Hansen of Cuero, Tex., in the pole vault. Cleared the winning height on final last gasp try at the end of a 9½ hour grind.

Most courageous feat — Al Oerter, West Babylon, N.Y., discus thrower. Suffering fro a pinched nerve in the neck and frozen around the waist to prevent internal bleeding from a rib tear, he won the discus with a throw of 200 feet, 1½ inches despite agonizing pain on every move.

Most sportsmanlike act — The Swedish yacht crew in the Dutchman class which abandoned a race and blew its medal chances to rescue an Australian sailor washed ashore by high waves.

Most disappointing team — Soviet track and field.

Most successful team — U.S. swimming and diving team, sixteen of a possible 22 gold medals.

WILT WILL RETURN TO ACTION OCT. 31

SAN FRANCISCO (AP)—Wlit Chamberlain may return to action on Oct. 31 and help pull his San Francisco Warrior teammates out of their early season doldrums. He will sit on the bench tomorrow night.

The 7-foot, 1 - inch center's mysterious stomach trouble was diagnosed yesterday as inflammation of the pancreas. Doctors in Philadelphia, where Chamberlain is hospitalized, said the condition may be controlled by medication and diet.

The Warriors, apparently unable to hit a winning stride,lost their third straight last night in as many outings to the Detroit Pistons 108-104.

The defending Western Division champs of the National Basketball Assn. held a seven-point lead at one time. But Reggie Harding and Dave Debusschere pushed the Pistons to a 54-50 halftime lead which they never relinquished.

Debusschere is a pitcher in the Chicago White Sox system during the summer and Harding is the only current NBA player with no college experience.

The Warriors meet the Los Angeles Lakers tomorrow night in the home season opening.

Franklin Mieuli, the board chairman of the Warriors, received the report from Chamberlain yesterday.

The parathyroid gland in Chamberlain's neck caused the pancreas trouble, he said.

Wilt said he believes he can get in shape in about 10 days even though he missed the Warriors' pre-season training. The all - pro star has been hospitalized since Sept. 22 while doctors sought the cause of his ailment.

He has been running in place and doing isometric exercises at the hospital.

Wilt won't be eligible to play until the Warriors' sixth game, Oct. 31. He was placed on the injured reserve list before the season opened and as such he must miss five games.

The Warriors' Oct. 31 date will be here with the Baltimore Bullets.

Nate Thurmond, a 6-11 second year pro from Bowling Green, has filled in for Wilt. Thurmond played mostly at forward last season, occasionally subbing for the Big Dipper.

Koufax Leads Star Voting; Mays Only Giant Selected

NEW YORK (AP) — Los Angeles pitchers Sandy Koufax of the Dodgers and Dean Chance of the Angels polled the most votes among players named to The Associated Press' annual major league baseball All-Star team today.

Koufax collected 77 votes and Chance 71 in the balloting by 85 baseball writers. The left-handed Koufax won 19 games before he was sidelined for the year by a sore arm in mid-August. Chance, a right-hander, compiled a 20-9 record.

The Angels also placed shortstop Jim Fregosi on the 10-man team. Three members of the New York Yankees, the American League pennant winners, were chosen. They were outfielder Mickey Mantle, catcher Elston Howard and second baseman Bobby Richardson. First baseman Bill White was the only member of the champion St. Louis Cards selected.

Others named were third baseman Brooks Robinson of Baltimore and outfielders Willie Mays of San Francisco and Roberto Clemente of Pittsburgh.

The voting was one-sided for each position except outfield and shortstop. Clemente, third in the balloting, had 61 votes followed among the outfielders by Mays with 54 and Mantle 51.

At shortstop, Fregosi had 35 votes and Luis Aparicio of Baltimore collected 24.

In addition to Aparicio, the second team was comprised of first baseman Orlando Cepeda and right-handed pitcher Juan Marichal of San Francisco, outfielder Hank Aaron and catcher Joe Torre of Milwaukee, second baseman Ron Hunt of the New York Mets, third baseman Ken Boyer of St. Louis, outfielders Tony Oliva of Minnesota and Johnny Callison of Philadelphia and southpaw pitcher Gary Peters, Chicago White Sox.

Raider Ace Daniels Due To Snap Slump

OAKLAND (UPI) — Coach Al Davis of the Oakland Raiders has indicated that it's time for all-star halfback Clem Daniels to break out of his slump.

Daniels was the league's most valuable player last season as he piled up 1,099 yards rushing. This year, he has made only 115 yards in six games.

"Candidly, Clem has been fumbling too much on key plays," Davis lamented. "Normally, he's a tough and reliable runner. Three or four big plays we fouled up made the difference between our 0-5-1 standings and being up there."

Daniels is not the only culprit in the fumbling department and he also had contributed 285 yards and four touchdowns in pass receptions.

But Davis says "we're waiting for Clem to grind out those hard yards which take the concentration off our air attack."

The Raiders take on the only team in the league with a record almost as bad as their own Sunday when Denver (1-5) comes to town.

Prep Quarterback Dies After Game

DES MOINES, Iowa (AP) — Kenneth Locke, quarterback on the high school fooball team at Knoxville, Iowa, died at Mercy Hospital here last night of apparent injuries suffered in a game at Knoxville last Friday night. Death came on the youth's 18th birthday.

Young Locke was first taken to Collins Memorial Hospital in Knoxville and then rushed to Des Moines, where a brain operation was performed for removal of a blood clot, officials said.

Mercy Hospital said an autopsy was planned to determine the exact cause of death.

The youth collapsed in the closing moments of the Pella-Knoxville game. He was the son of Mr. and Mrs. Walter Locke of Knoxville.

Salmon Fishing Slow On Pacific Shore; Striper Run Is Reported

STEVENS

The phrase, "Many are called but few are chosen," sure applies to salmon trolling off the Pacific shore. Most of the boats out of Caruso's at Sausalito and the Berkeley Harbor cooled their hulls on Sunday and Monday by sitting quietly in their respective berths.

The best report I could glean from those two spots was the Monday score of 19 salmon to 20 pounds made by the Aileen out of Caruso's. On the debit side was a measly three fish landed by a boat that usually is high on the list. Only one of the fish made one angler happy by netting a Schenley of an even 35 pounds.

HOWEVER, one angling addict was more than moderately satisfied aboard the good ship Salmon Queen on the Sabbath. The wife of this particular sportsman called me on the phone to rather breathlessly report that her hubby, Joseph Mateo, hooked, played and landed a beautiful king salmon that weighed 40 pounds, three ounces. Very few boats were out after salmon on Monday, but a large number passed under the G.G. Bridge early on Tuesday.

According to the weather report and contact with the fleet outside, it's just about perfect, fairly calm seas and lots of sunshine.

I just learned that Jimmy Vitero and his Lucky Day No. 2, with only five rods in action, accounted for 11 salmon to nine pounds trolling off Muir Beach.

HAL BOENNER of Lee Anderson's bait shop in Oakland reported the above as well as the take of bass as follows: Duke No. 2, berthed at Point San Pablo, netted eight stripers to eight pounds on sardine baits; The Ino came in on Monday with 22 bass to 16 pounds drift fishing off Alcatraz. The R.S.P. worked the Red Rock-Racoon Strait areas for 12 bass to 10 pounds, and "Pop" Thompson fished from aboard the Dowrelio No. 5 in the Buoy 6 area and reported 17 stripers to five pounds.

There is no question but what the overdue runs of stripers are populating the San Pablo Bay at present. The Quans of China Camp reported fair to good fishing on bait with a mixed bag of about two bass in the medium class and one or two small—but legal—bass on each stringer.

CARL BENNETT of Rodeo Marina reported lots of limits and near limits being brought in each day for the past few days. For example—Sid and Bob Thomas took their six bass to 11 pounds near Buoy 9; Frank Minafo and Marc Glover had five bass to seven pounds off Buoy 10; Joe Austin got his limit of five-pounders by Buoy 9; A. Salisbury limited out to 17 pounds. As Bennett said, fishing was good on Saturday both for skiffs and party boats, and still better on Sunday and Monday. Most of the fish reported were taken on sardine fillets and sardine chunks. The boat, Jackpot, on Saturday had near limits for her riders, and limits also on Sunday when 24 bass to 12 pounds were reported. The Bluefish, on Saturday, limited out for all aboard and ditto on Sunday, with the bass running heavier on Sunday . . . 32 stripers to 25 pounds off Buoy 7 on Sunday. The Two Dares reported a two-fish per rod average on its two trips.

AT COUNTRY CLUB

265-639 Leads The Bowling Action

Charlie Scott of the Automotive League topped the week's action at Country Club Bowl when he rolled a 639 series and 265 game, both high for the week.

—30—

To a guy like me, so used to the need of expression and communication, this particular column effort is oh, so difficult. Even with the help of a gift of gab, how do you say "goodby" to friends and supporters without sounding syrupy or phony? You certainly don't feel sweet or shallow, but how do you project sincerity in a cool, sophisticated manner, calculated to avoid the cliche? How do you begin to tell people you respect you're moving on, and how do you explain why, without permitting a trace of bitterness to taint the genuine regret? To deliberately fracture the King's English, it ain't easy.

Seven years in Marin County leaves a mark on a man. A glow is probably nearer to the truth. In seven years a reputation can be made, and in seven minutes it can be smashed. With a great deal of pardonable pride, I treasure the reputation you good people in Marin have given me these past seven years. I will not treat it lightly, of this you may be certain. It is my most treasured asset in an otherwise unimposing statement of net worth. An, yet, I am leaning rather heavily on this one factor in seeking my future connection and hopeful fortune.

You see, I have a strong personal conviction concerning the intrinsic, as well as the moral value of integrity. I am enough a realist to want and actively pursue success, with natural accompanying financial rewards. I just happen to believe more money can be made playing it straight (or square, if you prefer the "cool" jargon). I have proved my pet theory these past seven years in the universal language of business: big black figures. My former associates, being astute, will undoubtedly carry on in this tradition, toward increasing big black figures.

My big vice is a gnawing impatience. I am a man in a hurry. And somewhere in me there burns the spark of a crusader. Crusaders, traditionally, are considered poor credit risks, particularly in a competitive league of car dealers. So, it follows, I must venture forth with purpose, and cash—my own—to prove my point, or go bust without hurting anyone else. I have a hunch I'll prove a point or two, and go with head high to the bank with fruits of my proof.

This idea didn't come to me in a dream. No, sir. It has developed over a great number of years, almost the total span of my 44 years, in fact. (There, you see, I won't even lie about my age!) I have a pet theory that Mr. Sears expressed with more eloquence, that a vast majority of people are basically honest. With this premise firmly stated, it quite naturally follows an honest presentation of product and services will establish instant communication with a vast majority of people. There is no room for compromise or rationalization. If you commit yourself to a straight "pitch," you play it straight all the way, with no short cuts or detours.

No justification can be tolerated to deviate from this straight policy if you happen to confront that small percentage who work the angles. If you play by their rules, justifying your action as self-defense, you'll find equally convincing arguments to compromise principles again and again. Then, you might as well forget it, and join up with the rest of the suede-shoe operators.

It will be an interesting recruitment program. Gathering my clan of true-believers who've got enough gumption, if not conviction, to try it my way. It will be a closely-knit flock, and the first stray will be abandoned with regret but with no compassion. Those who stay will enjoy with me the most exhilarating feeling I know—walking down any street with head held high, acknowledging the friendly nod of friend and casual acquaintance alike. Measure that feeling in dollars, if you can!

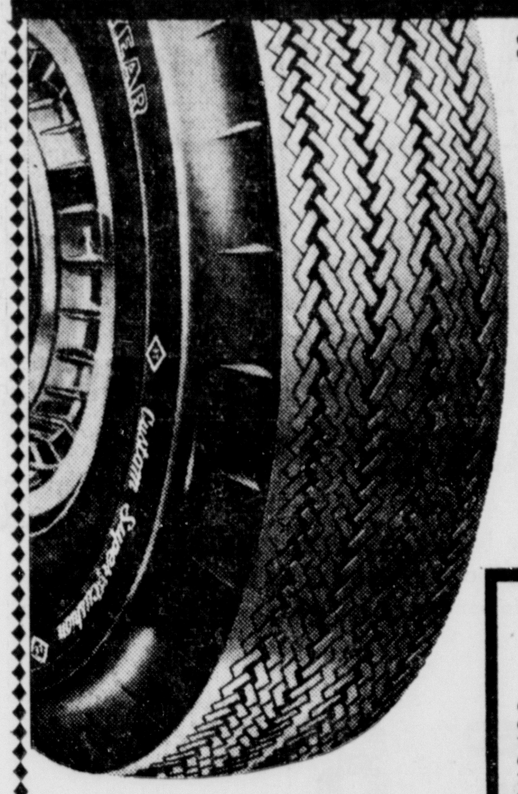

I have never professed to any attainment of success by personal effort alone. No man is an island unto himself, and this boy, particularly, needed a lot of help. To each and every associate and friend in Marin County who helped me, I give my most sincere thanks.

To these same friends, I make this promise: wherever I may locate, in my own Ford dealership (I hope) I will do nothing to make you regret your help, and I will not lose touch with you. Thank you, so very much!

TEEN-AGE DRINKING IS PROBED

P-TA Aide Says Problem Exists All Over State

LOS ANGELES (AP) — There is a teen-age drinking problem throughout the state, the president of the California Congress of Parent - Teachers Assns. said today.

The P-TA leader, Mrs. G. D. Edwards of San Diego, was lead-off witness at the opening of a two-day hearing by a legislative group, the Interim Subcommittee on Alcoholism Studies.

EVERYWHERE

"While the teen-age drinking problem is probably more evident in the Southern California area because of our population concentration," she said, "it does exist everywhere throughout the state."

Part of the problem, she testified, seems to be that "we tell the teen-agers one thing and they see us do another."

She said studies by some P-TA groups indicate that teaching of the effects of alcoholism—as required by the state education code — should be on a health rather than a moral basis.

LEGAL AGE

This, she said, is because so many parents themselves drink.

Asked about proposals that the legal drinking age be lowered from 21 to 18, Mrs. Edwards said:

"Our organization has been on record for a number of years as being opposed to reduction of the legal drinking age."

Muir Beach Water Woes Continuing

Muir Beach Community Services District directors Tuesday night planned to go over an agreement with Miwok Corp., which is attempting to provide the area, plus its proposed subdivision, with potable water. But since the proposed well was not "pumped," no action could be taken.

Water was to be pumped to test adequacy of the well of Robert P. Brabo and Gilbert Allard in Franks Valley. It was not tested, reported Jack F. Harris, president of the board, because someone suggested the well might not be on Allard and Brabo land.

Directors agreed to ask that the well be pumped as soon as possible and a report made to the board Nov. 4.

Harris said a new problem has been posed by threat of Amadeo Banducci, who owns property near the well, to sue the district if it depletes his water supply. Banducci is a commercial flower grower.

Prison Drama Group Sets 'The Advocate'

The San Quentin Prison drama group will present Robert Noah's three-act play "The Advocate" at 7:15 p.m. Nov. 6 at the prison.

Acting, staging and direction of the group's productions is handled solely by inmates.

Retracing Steps In Europe

By MOLLY MARIN

The Frank Keatons of San Rafael have returned from a two months' tour of Europe in which the first month was spent retracing the steps of the D-day landing and advance. The Keatons met with members of the 30th Infantry Division in England, then took a steamer from Wessex to Cherbourg and drove to Omaha Beach, locale of the D-day landing 20 years before. They met with Walter Unrath, a former Marinite living in Frankfort, Germany, who toured with them through Germany, Austria and Switzerland.

On the trip they visited East Berlin, American cemetery at Maastricht, Netherlands, and the prison camp at Dachau, Germany.

JAMES RICE and Lloyd Stark of Tiburon will provide banjo and piano music at the Little Reed Heights annual cocktail party at 7 p.m. tomorrow. Among the more than 100 guests attending the affair at the Corinthian Yacht Club will be the John T. Raisins Jr., Russell J. Cunninghams, James E. Semraus and Michael Scholls.

GUESTS OF Mrs. William O. Weissich, chairman of the San Rafael Military Academy Mothers' Club fashion luncheon today at the Continental Ballroom of the Hilton Hotel in San Francisco, were Mesdames Robert Weinmann, Lee Bledsoe and Melvin Stidham. Co-chairman Mrs. Robert Reynolds had as guests Mesdames Jack Podesta, Douglas McBride, L. J. Marconi, Peter Dawson, George Hermsmeyer, Joseph Sturiale and Ray Kimball. Guests of Mrs. L. Howard Good included Mesdames Rollo Wheeler, John Cahill, Edward Detrick, Norman Ciampi, William Asbell, Alan Poston and Rollo Wheeler Jr. Mrs. Fred Dietrich had as her guests Mesdames James Warnock, Warren Ringen, David Gaines and Richard Price.

Jana Fleming Becomes A Bride

Jana Lee Fleming of Belvedere and Charles Edwin Monte exchanged nuptial vows Saturday afternoon at St. Anselm's Church in San Anselmo.

The bride is the daughter of Mrs. Gai Fleming of Belvedere and Robert H. Fleming of Honolulu, and the bridegroom is the son of D. Frank Monte of Sleepy Hollow and Mrs. Alice Monte of San Anselmo.

The Rev. William Burns performed the double ring ceremony at 2 o'clock with the bride given in marriage by her uncle, Lens Cogdell of Orinda. She wore a full length white satin brocade gown with cathedral train.

Maid of honor was Carolyn Waste of Belvedere, and bridesmaids were Mrs. Stanley Bush of San Rafael and the bridegroom's sister, Mrs. Dennis McCarthy of Tahoe Valley. Junior bridesmaids were Hilary Cogdell and Heidi Cogdell of Orinda. All wore floor length gowns of brocade in moss green and pink.

His brother-in-law, Dennis McCarthy, served the bridegroom as best man, and ushers were the bridegroom's cousin, Edwin Brown of San Anselmo and James Nichelini of San Rafael.

Following the wedding a reception was held at the Corte Madera Recreation Center. On their return from a honeymoon in Bermuda the couple will live in San Anselmo.

The new Mrs. Monte is a graduate of Redwood High School and the Zweegman School of Medical Secretaries. She is employed as a secretary in the medical labs at Marin General Hospital.

She is the sister of Dwayne Fleming of Studio City and the granddaughter of Mr. and Mrs. A. W. Cogdell of Berkeley.

The bridegroom is a graduate of San Rafael High School, the College of Marin and the San Francisco College of Mortuary Science. He is employed with his father at the Chapel of the Hills in San Anselmo.

He is the grandson of Mrs. Carlo Pagliano and the late Mr. Pagliano of San Anselmo and Mrs. Harry Brown and the late Mr. Brown of San Anselmo, who built St. Anselm's Church, where all of the bridegroom's maternal relatives were baptized, married and graduated from St. Anselm's.

He is second vice president of the Ross Valley Kiwanis, a past president of the Fairfax Native Sons and a member of the Marin County staff of Boy Scouts.

BRINGS HER WORK

English Visitor Sculpts, Travels

By GILES BIXLER

A multi-lingual Englishwoman who has been behind the Iron Curtain four times in recent years has lighted temporarily in San Rafael in the midst of what seems to be a perpetual round of travel.

Mrs. Dorothy Russell of Rumford, England, is a sculptress as well as world traveler, and has brought some examples of her work: studies of Sir Winston Churchill and the Beatles, two disparate symbols of Anglo-Saxon greatness in whom she sees a common quality: humor.

With typical British reluctance to blow her own horn, Mrs. Russell understates the nature of her trips behind the Iron Curtain, as if they were merely visits to distant relatives.

But in fact, each time she crossed the barrier between East and West, usually alone, she was hoping the Russians wouldn't remember that her father was a tutor to a cousin of the Czar in 1917 and was arrested and held for six months after the revolution.

The British government told Mrs. Russell when she made her first trip behind the curtain in 1960 that she was "traveling at her own risk," because the authorities could revoke her passport at any time, using the fact that she was born in St. Petersburg (Leningrad) as a pretext.

"As soon as I crossed into Czechoslovakia, the difference between East and West was apparent. There were almost no other cars on the road," said Mrs. Russell, who made her first trips in a small Austin she nicknamed "Moonchick" — in honor of Soviet space achievements.

The first trip in 1960 was only as far as Wroclaw, Poland, to see an aunt who had spent many years in Siberia for "spying," another victim of the revolution who had been released after the death of Stalin. Despite fears that she might be arrested at any time, the trip was safely negotiated.

In 1961, Mrs. Russell got her first good look at the Russian people since she left with her parents after the revolution at the age of 15. She decided to stay far from Leningrad and Moscow and ventured south to the Ukrainian capital of Kiev, this time taking a friend along for moral support.

"The people in the USSR were extremely friendly to me, partly because I speak Russian, I suppose," said the adventurous traveler (who speaks German and French as well).

"But I think the main reason for their friendliness was my little car, which was so small that they must have thought I couldn't have been much of a capitalist."

Russians crowded around the "Moonchick" every time Mrs. Russell stopped. In Lvov, the people asked her to stay and teach them English.

"I told them I would rather be free," said the Englishwoman. "But I regretted it afterwards. I tried to keep away from politics and religion."

"The Russians are very competitive people," she continued. One group even gave her an argument when she said that London was bigger than Moscow, which it is by some three million people. "One man ended up saying that Moscow has 12 million people."

The next summer Mrs. Russell went to Yugoslavia, and the following year to Poland again. Each time she returned to England with slides and stories of her experiences which she related to members of the Women's Voluntary Service, of which she is a member.

In 1963, she found Poland greatly liberalized from 1960, with people willing to criticize the government openly, where before they were afraid to say anything.

She took a cousin to Warsaw from Wroclaw and they stayed at the Grand Hotel where her cousin "was afraid to press the button for tea."

But Mrs. Russell, whose motivation seems to be a search for adventure, eventually tired of Iron Curtain countries and decided to make a really good tour of North America.

Here she has found the open-hearted hospitality of Americans "really amazing—a woman invited me to come stay with her in Dallas after only 10 minutes, 10 minutes!" she repeated in disbelief.

Her hostess for about 10 days in San Rafael is Mrs. Rita Milette of 17 Harcourt Street, a Frenchwoman who teaches French at Dominican College and College of Marin.

As for the sculptress side of this remarkable woman's personality, she began about 15 years ago after making a pair of bookends and is now quite an accomplished amateur who leads a group of housewives in sculpture at Rumford.

She has done busts of other well-known figures besides Churchill and the Beatles, including former Canadian Prime Minister John Diefenbaker, who sat for her five times in Ottawa in 1957.

Her husband, William, an accountant, takes a tolerant view of his wife's penchant for travel. When she announced that her North American trip would take three months, he cheerfully gave the green light.

The Russells have a daughter, Pamela, who is an Arctic explorer living in Montreal. Pamela is married to a geologist and has a daughter who, at the age of two, has already traveled around the world once.

SYMBOLS OF BRITISH GREATNESS—A strong sense of humor links the Beatles and Sir Winston Churchill, says a countrywoman of theirs, Mrs. Dorothy Russell, shown here with sculptures she has made of both. Besides being a sculptress, Mrs. Russell has been behind the Iron Curtain four times, is multi-lingual, was born in Russia, and is now making a three month tour of North America.

College Admission Squeeze Is Education Forum Subject

The "college admissions squeeze" is the first subject which the newly founded Education Forum of California will analyze, its president, a San Rafael educator, said today.

Dr. Raymond J. Simpson of 135 Meriam Drive, former acting superintendent of San Rafael schools, pointed to the turning-away of nearly 5,000 students at San Francisco State College this fall as a symptom of an increasing problem. Simpson is now head of the department of secondary education at San Francisco State.

He said one question posed is whether the "State of California is breaking a contract with its students, who have prepared themselves properly for higher education."

Simpson described the organization of the forum, its officers, and how it plans to operate. The board of directors is composed of the same persons who oraganized the group this summer. They are all from San Francisco State College.

Vice president is Dr. William Evraiff, chairman of the department of counseling; secretary-treasurer is Dr. John Green, associate professor of secondary education, and secretary is Dr. Metta Zahorsky, graduate coordinator of the school of education.

Other directors are Dr. Don L. Barbee, associate chairman, school of education; Dr. James Bixler, chairman, department of elementary education; Dr. Aubrey Haan, dean, school of education; Dr. George Hallowitz (a San Rafael resident of 212 Fairhills Drive), chairman, center of interdisciplinary studies in education; Dr. Lloyd L. Hills, associate professor, elementary education; Dr. Lloyd Meadow, associate professor, special education; Dr. Dwight Newell, chairman, department of education administration; Dr. Virginia Rogers, professor, elementary education; Dr. Robert Smith, former dean of the school of education, professor, elementary education.

Simpson said a "lay advisory committee" is planned but no one has yet been named to it.

Simpson said the goal of the organization is to "provide a public forum to discuss educational issues without personal and political partisanship—that is, to make it respectable again to hold liberal views, where they are now in effect outlawed."

Through an executive office at 1408 Fourth Street, San Rafael, the forum will distribute results of its analysis. There are plans to produce films and television shows, Simpson said.

"Our effort," he said, "is aimed at communicating to as many persons as possible. We will, in particular, work toward providing public forums in various communities in order to discuss the issues. We will encourage small groups of citizens to hold neighborhood coffees, and to invite forum representatives to participate in the discussions."

In addition to the "admissions squeeze" problem, the forum is also studying the following issues, its president reported:

"Whether the major financial support for public education is to be provided by the state from general funds, or provided by the individual communities from property taxes.

"Whether the primary purposes of higher education is to serve a select few students, or to serve the educational needs of as many students as possible.

"Whether major education decisions are to be made by the interaction of lay and professional persons at state and local levels, or by selected lay persons on the state level only.

"Whether the educational needs of today's society are met by a curriculm comprised of traditional subjects only, or by a curriculm comprised of a broader range of subjects and approaches to learning."

The giraffe is the tallest mammal now in existence, with specimens up to 18 feet in height having been recorded.

Freshmen Given Aptitude Test

More than 500 Terra Linda High School freshman were given the Differential Aptitude Test last week as counselors prepared for the job of programming the newcomers.

The test, compiled by the Psychological Corp., is intended to measure the student's capacity to learn.

This week, juniors at Terra Linda High were given the California Test of Mental Maturity and the California Achievement Test.

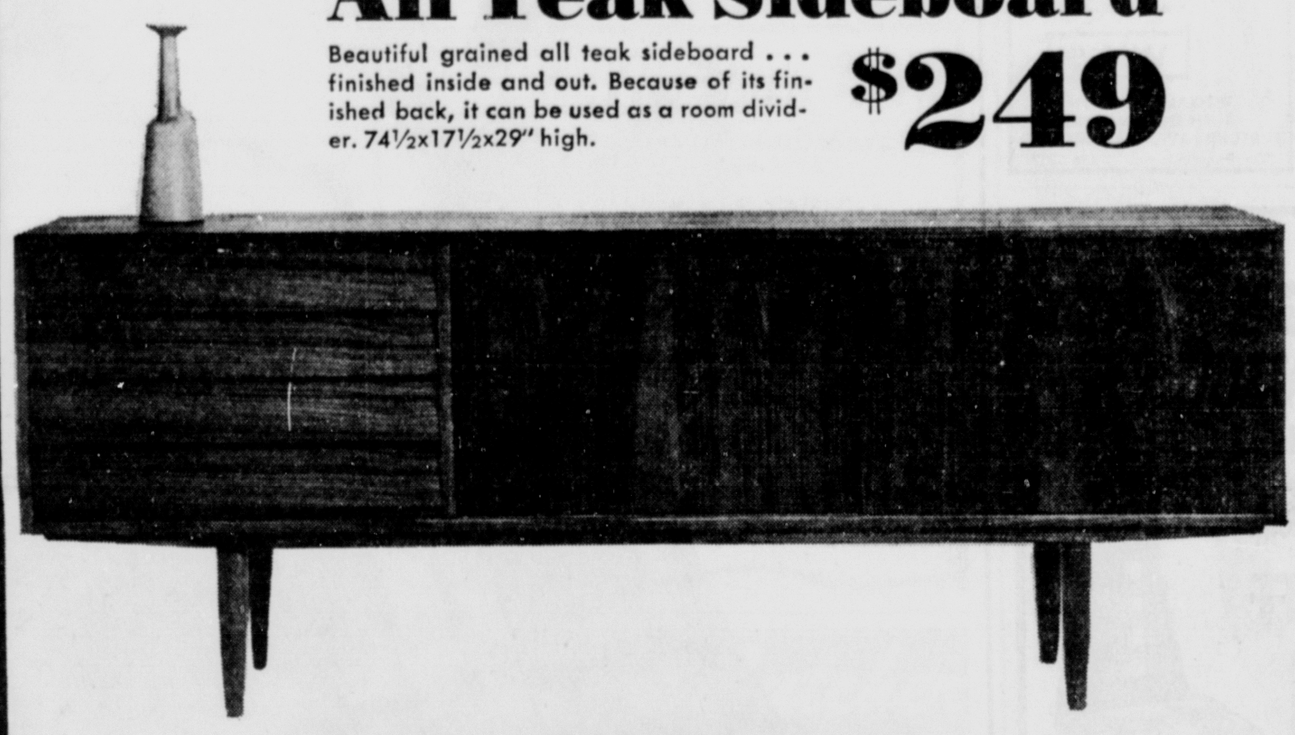

Tiburon Council

The Tiburon City Council will meet at 8 p.m. today at Del Mar school to continue consideration of matters left from Monday's meeting. Included are discussion of a proposed drainage district, naming the city planning commission as a board of adjustments, hearing a citizen committe report on finding a city hall.

IN FURNISHING, START WITH A "FLOOR PLAN"

If you want to "decorate" instead of just "furnish", start with a floor plan. If you do not have an architect's original floor plan, take a yard stick or tape meaure and measure all your walls, the width of your doors and windows, and the height of windows from the floors.

Make a sketch showing all of the necessary dimensions and then sketch in the furniture pieces you plan to use.

If you would like someone to help you, we shall be glad to take these measurements and make this lay-out for you.

In this way, you are eliminating the guess work and you may then select pieces that will not only fit into your home but will fit perfectly. This is the only sensible and correct way to do a real decorating job in your home. You must know just what will fit into your room and your wall space before buying.

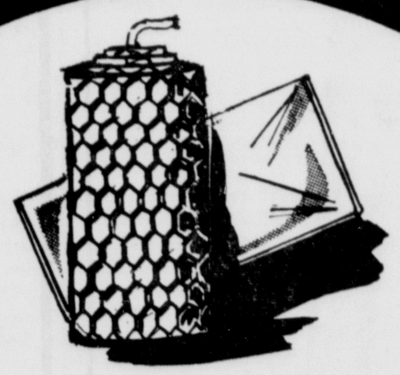

Stop in. We'll be glad to help you with no obligation. It's part of our free decorator service. And it's the smart way to decorate.

Heaviest traffic in Marin County

Each day, 84,560 readers cross over to a full view of the news . . . and of advertised values

This is one bridge that, for all its reader traffic, is never jammed. Readers move leisurely through the I-J's 8 "lanes" of news and advertising, taking in everything. Because this is THEIR BRIDGE to complete information in Marin County.

If you're an advertiser, the I-J is the ONE BRIDGE that spans the entire county . . . the direct freeway for bringing more customers at least cost to your store. Many a business has built its sales success by consistently using the I-J and nothing else.

Merchants who cannot afford weak advertising results (much less hard cash) know there's no substitute for the I-J's bonafide circulation. In the I-J, they buy EXPOSURE, not just space. They buy guaranteed, paid circulation, not a claimed figure.

And with the I-J, they find that reader interest in advertising is cabled closely to top news coverage and features. That's what makes the I-J THE BIGGEST BRIDGE, AND THE SAFEST BRIDGE, in attracting customer traffic to your store.

THE SIMPLE MATHEMATICS OF I-J READER TRAFFIC

The I-J is subscribed to by 35,271 households in Marin County (more than 2 out of every 3 homes). Each household, research shows, averages 2.4 readers of the I-J. Thus, simply by multiplying I-J circulation (35,271 households) by 2.4, you get 84,650 readers. And that's daily!

Unopposed Judges Should Be Listed On The Ballot

State Propositions 6, 8 and 9 are comparatively uncontroversial, but they deserve attention.

Proposition 6 is called "Retaliatory tax on out of state insurers."

Most states have adopted these retaliatory laws. Most of these laws are parallel to the proposal in Proposition 6. Under this proposal, if a California company had to pay more in taxes in another state than the carriers of that state are required to pay in this state, California would up the taxes to match the rate in the other state.

This proposal will gain the state an estimated $250,000 to $500,000 in gross revenue per year, according to the state legislative analyst.

We recommend a YES vote on Proposition 6.

Proposition 8 is entitled "Superior court judges: Election in counties over 700,000 population."

In Los Angeles County, incumbent superior court judges running unopposed are automatically declared elected without their names being on the ballot, unless 100 voters sign a petition indicating that a write-in campaign is to be conducted.

Proposition 8 would extend this to Alameda, San Francisco, San Diego and Orange Counties. The argument is that the listing of unopposed judges merely lengthens the ballot.

But we feel that a principle is involved. Even if unopposed judges are "automatically" re-elected, we feel the people should be allowed to see at least who the judges are that are up for re-election.

Furthermore, if the length of the ballot is the deciding criterion, then all public officials without opposition should be deleted from the ballot, not just judges.

The nominal saving that might accrue from a shortened ballot does not justify further infringement on the electoral process.

We urge a NO vote on Proposition 8.

Proposition 9 is on "County supervisorial district boundaries."

In 1963 the state supreme court told Monterey County to reapportion its supervisorial districts on as nearly equal population as possible. Marin got a similar ruling last March because West Marin (district 4) has only 4 per cent of the county's population.

Marin and other "general law" counties must abide by these state laws. But the few counties that have their own charters are not bound by the law.

This proposition would require every county, including those with charters, to abide by the laws relating to the adjustment of supervisorial districts.

We recommend a YES vote on Proposition 9.

Some People Don't Listen

Despite all that is written in the newspapers about not littering the highways and streets, being a courteous driver, not driving when drinking, being careful with fire and cigarettes, and keeping matches away from children, and not smoking in bed, some slobs just don't listen. Nor does radio and TV move them.

If all these pleas were heeded, we might have a thinner newspaper but the news would be far happier. Think of that the next time you are tempted to be foolish.

AFFAIRS OF STATE

Concealable Arms Restrictions Views Are Mixed At Hearing

By EDWIN S. CAPPS

SACRAMENTO (CNS)—The 1965 legislature, which is certain to have some bills before it which would tighten control over sale and possession of firearms, gained some interesting information on the subject at a recent hearing.

The Assembly committee on criminal procedure held a day-long hearing concerning the possibility of further restrictions against sale and possession of concealable weapons, revolvers and pistols.

The hearing, conducted by Assemblyman Gordon H. Winton (D-Merced), was one of the more quiet and reasonable ones, as far as a rather emotional subject is concerned. A number of proposals were advanced for further restrictions, as well as one or two to relax present laws.

SHERIFF JOHN MISTERLY, veteran law enforcement officer from Sacramento County, noted that the present law requires a three-day waiting period from the time a person applies to purchase a handgun and the time he actually can be sold the weapon.

The purchaser must fill out a form as to name, residence, occupation, etc. The problem, Misterly said, is that the seller has no real means of knowing whether the would-be purchaser is the man he claims to be. As a result, Misterly said the seller could be helped if fingerprints were required.

HOWEVER well-meaning Misterly might be, such advance registration for law enforcement officers is a fighting term to the gun owners' groups. Misterly said he had dealt with firearms all his life and felt that the person who wants to own and use a concealable weapon should have no objection to submitting to a bit of inconvenience.

Opposition to further control over firearms was headed by retired Judge Hilliard Comstock of Sonoma County. Speaking for the National Rifle Assn., Comstock said the group would oppose any restrictive measures. He said the NRA was interested in any laws which would punish the misuse of firearms.

However, Comstock called "totally unworkable" the proposals to require permits.

COMSTOCK SAID the courts at present were "so hedged around" with recent Supreme Court decisions concerning rights of criminals and limits on search and seizure that the problem of firearms had sunk to insignificance.

One proposal advanced at the meeting is that persons who purchase concealable weapons from out of state and bring them back to California or receive them through express should have to file a notice with about the same information required of a person who purchases a weapon.

Alfred L. Coffey, chief of the State Bureau of Criminal Identification and Investigation, said the present law actually is a discrimination against California dealers.

COMSTOCK SAID this law also could be unworkable. He asked what about the person from out of state who comes to California to participate in shooting matches, would he have to fill out the forms because he brought along a .22 or .38?

Misterly made one suggestion for a relaxation of present law. At present, owners of concealable weapons may carry them in an automobile only if they are in sight. Yet, when the vehicle is left unattended, the weapon in full sight is an open invitation for someone to steal it. Misterly suggested the law be changed to require a person to conceal such a weapon when the vehicle was left unattended.

Fund Proposed For Bridge Fall Victim

Editor, Independent-Journal:

A small item on Pg. 4 of your issue today (Oct. 15) caught my eye, and it distressed me. It was that "quibble" about an old man climbing onto the Golden Gate bridge railing. His name, Oscar Osberg, one of the only two survivors of the platform collapse on that same bridge in 1937, in which he was crippled.

He is being evicted from his hotel room.

Humanitarian instincts alone convince me we must do something to help this man. I love "our" bridge, and he risked his life to build it, as is evident. Very well, let me suggest that the bridge help him, as he helped us. Let us dedicate, say, next Tuesday as Osberg day. Then ask the bridge to set aside 10 per cent of every commute ticket, or quarter, on that day from 6 a.m. to 12 midnight as an outright gift to this poor man.

If this fails, then we must act.

Johnson Urged To Make Facts Public

Editor, Independent-Journal:

Your editorial of Oct. 17 points up a deficiency in many voters' thinking in terms of personality rather than principle. However, there are limits . . . "the straw that breaks the camel's back." . . . Walter Jenkins could be this straw.

The . . . Christian Science Monitor . . . has a full column front-page article . . . and also an editorial covering the political and business aberrations of Mr. Johnson through Billie Sol Estes and Bobby Baker to Walter Jenkins. . . .

Perhaps now you will deem it proper . . . to follow the . . . Monitor's lead in editorially presenting the need for the President to inform the nation of the facts. In 1952 President Eisenhower . . . got a public explanation from Mr. Nixon regarding his campaign funds. Now it is a Democratic President's turn.

GOP Said Kidnaped By Eastern Sharpies

Editor, Independent-Journal:

It is becoming more and more apparent with each passing day that what occurred last July in the Cow Palace was not a capture of the Republican Party by political thugs but the smoothest con operation in recent history.

It is now quite obvious that the smooth East Coast types in the Republican Party early saw that the Johnson Administration was unbeatable this year and decided that the appearance of confusion and disunity would lure a patsy into stepping in front of the steamroller. The country rubes in the Goldwater wing of the party rose to the bait very admirably and now will take the rap for the slaughter due in a bit over two weeks. Then the East Coast operators will move in, pick up the pieces, and prepare for 1968.

CREA's View Called Wrong

Editor, Independent-Journal:

I am appalled by the fact that the California Real Estate Assn. has given birth to and thrown its powerful lobby behind Proposition 14. This proposed amendment . . . grants realtors, alone, immunity from civil rights legislation. . . .

The CREA is blithely unconcerned over its amendment to the State's Constitution which would put the stamp of approval on bigotry and discrimination. . . .

Thus, any special interest group, say the drug industry, should proceed, by the same logic, to place on the ballot a constitutional initiative which would permit it to act in its "absolute discretion" in the placing of drugs, however dangerous, upon the market. . . .

CREA talks about "absolute discretion" which passage of Prop. 14 would give homeowners. . . . This is the thrust of their argument . . . (i.e., "restore property rights"). . . .

"Absolute discretion" just does not exist at any level of our society. . . .

The CREA's perversion of the initiative process exemplified by Prop. 14 would result in a denial of the fundamental principles for which our nation stands. . . .

Medicare Bill Hurt Orphan Education

Editor, Independent-Journal:

President Johnson is constantly stating that everyone is entitled to an education . . . yet he insisted upon coupling the Medicare bill with the . . . Social Securities Amendments bill. . . . The Social Securities Amendments . . . extended benefits from age 18 to 22 for students, as well as a 5 per cent increase for all beneficiaries.

It is ironic that members of Congress . . . were given substantial salary increases, but Senate adjournment was called before action could be taken to increase the benefits so badly needed.

Six hundred thousand elderly and many thousand semi-orphans have been deprived of increased benefits. . . .

Prison Article Is Lauded

Editor, Independent-Journal:

I have read with considerable interest and gratification your editorial of Oct. 16.

I was particularly impressed with the reference to the amount of unfavorable publicity given to the prison in the matter of escapes and violence, and the importance of informing the public when positive programs, such as the Vocational Trades Fair, are presented.

It is our plan to have another such program next year, and our hope that wider coverage can be afforded by the various press media in the bay area.

I know the men of San Quentin join me in expressing sincere appreciation for this fine recognition of a program that took considerable planning and cooperative effort, on the part of both inmates and staff alike.

RECALL ALL THOSE glorifications of Billy the Kid on TV Westerns? The REAL Billy the Kid, writes John Greenway in "The Inevitable Americans," was "a nightmarish creature to look at and a ruthless, psychopathic killer." And Jesse James shot children as casually as he would sit down when he was tired. Yet, muses Greenway, two other Americans named James — William and Henry (brothers), one a distinguished psychologist, the other a great novelist—got less space put together in most fact-books and encyclopedias than the one infamous Jesse!

THE CRAZIEST elephant story yet concerns the female pachyderm who lumbered into a cocktail lounge and ordered a vodka on the rocks. When the bartender registered astonishment, she hastily assured him, "Don't worry. I'm not unescorted. My boy friend's trying to find a parking space. He'll join me any minute."

THE MOST CONSIDERATE bridegroom of the week must be the one who sampled his wife's cooking for the first time. "Is the steak tough, darling?" she asked anxiously. "Yes, it is, pet," he was forced to admit, "but I did manage to bend the gravy."

Americans Are Fighting Against Tactics Of The Extreme Right

WASHINGTON—Perhaps the most significant, single, long-range event in 1964 will be the extent to which people are standing up to resist the tactics of the extreme right, which has been soiling our society by smearing—in the name of anti-communism—anyone it disagrees with.

The danger to our free institutions does not come because they are attacked, but because too many people remain silent and run for cover.

THE TACTICS of smear and character assassination and the technique of branding everything you want to destroy as part of a Communist plot have too long gone unchallenged.

Today these tactics are being challenged by able and influential Americans on several fronts—publicly, politically, morally, legally and intellectually.

This is good. This is health-restoring to the democratic process. Nothing could be more reassuring than to have the tactic of debate-by-smear countered by debate-without-smear plus redress in the courts.

Here is what's happening:

1. A new organization of 80 Americans headed by Arthur Larson, former director of the United States Information Agency under President Dwight D. Eisenhower, has just been launched. It will devote itself to exposing and correcting "the principal errors currently propagated by radical reactionary organizations," which, incidentally, put on about 7,000 weekly radio and television programs at a cost of 10 million dollars yearly.

2. In Traverse City, Mich., the League of Women Voters recently publicly warned mothers and housewives about a local Dan Smoot program by describing it as "slanted information, half-truths, innuendoes, and sometimes worse." Mr. Smoot of Dallas, whose work is highly praised by the John Birch Society, sued four of the League members for $500,000. Such suits are a common device of the extreme right in order to intimidate people from criticism and to snuff it out.

The League of Women Voters in Traverse City is not being intimidated. The court required Smoot to post bond and the suit may mark another milestone in demonstrating that people do not have to stand mute when the Smoots pour out invective loosely.

3. Remember John Henry Faulk? He was the young, budding, talented radio and TV performer—an Arthur Godfrey in the making—who found his career stifled and stunted in the 1950s. He was the victim of Aware, Inc., a blacklisting organization which used threats and boycotts to throw many performers out of work.

Faulk did not remain silent. Without a job and deep in debt, he stood up and fought—in court. And the court found in favor of Faulk, awarding him damages of 3.5 million dollars, later reduced to $175,000.

Mr. Faulk has now put his whole experience and legal victory in "Fear on Trial," which Simon and Schuster consider "one of the most important books" they have ever published. Blacklisting will never be the same.

4. Of the greatest value is to have Harry and Bonaro Overstreet speaking out in their new book, "The Strange Tactics of Extremism," just published by W. W. Norton and Co. These two pierced the complacency of many deluded intellectuals in telling us "what we must know about communism," and now they are telling us what we must know about the methods and purposes of the John Birch Society and other extremists.

I DON'T WANT to see anybody soft on communism. It is equally necessary not to be soft on extremism, because the extremists use the "Communist menace" as a smokescreen behind which to bludgeon everybody.

Navy Is Escorting Vessels To Cuba

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — The Navy finds itself in the extraordinary position of "escorting" Spanish vessels carrying supplies to Communist Cuba.

While the State Department claims the naval patrols are only keeping the ships under surveillance, Navy officers involved in the Caribbean operation tell a different story.

They are privately complaining to congressional leaders that since the sinking of the Spanish vessel Sierra Aranzazu in mid-September, the Navy is operating under a White House directive to take all action necessary to prevent further attacks on the high seas.

RUBBING SALT into the Navy's wounded esprit de corps, aides of President Lyndon B. Johnson are suppressing an intelligence estimate frankly stating that dictator Fidel Castro's own raiders sank the Spanish ship and not anti-Castro refugee gunners.

According to the eye-opening report of these naval officers, the U.S. intelligence estimate reveals that the Sierra Aranzazu was sunk by "unmarked" raiding boats that returned to their bases in Cuba after the attack.

AFTER STUDYING all information gathered on the Sierra Aranzazu incident, U.S. military intelligence experts are attributing two reasons for Castro's piracy.

Castro sought to increase the strained U.S.-Spanish relations over the Franco government's disputed trading with Cuba by making it look as if U.S.-backed anti-Castro raiders were to blame.

Press reports at the time indicated that Castro succeeded in this objective. A group of 700 people paraded before the U.S. Embassy after the incident protesting the attack.

IN ADDITION to this propaganda victory, Castro also hoped to use the incident to maneuver the Johnson administration into "protecting" Western ships carrying supplies to Cuba from expected attacks by a new Cuban exile group being formed with help from several Latin American governments.

This anti-Castro group, which includes a number of Bay of Pigs veterans, is being organized outside the U.S. and is refusing money or advice from the CIA because its leaders do not trust Johnson administration foreign policy makers.

Castro is so disturbed over the new Cuban exile group, which plans to start operations against Cuba early in 1965, that the Russian puppet is having Moscow intervene with U.S. authorities to hobble the freedom fighters.

Russia is negotiating with Deputy Undersecretary Llewellyn Thompson for a commitment from the president that the U.S. will actively bar the new group from attacking Cuban shipments.

THE WHITE HOUSE directive ordering the Navy to "protect" Spanish shipping to Cuba came after Thompson, former U.S. ambassador to Moscow, and Secretary of State Dean Rusk met behind closed doors with Ambassador Anatoly F. Dobrynin.

AT THE TIME it was attacked, the Sierra Aranzazu was en route from Cadiz, Spain, to Havana.

There's Need For Cooperation Among School, Other Libraries

Teachers in Marin County high schools lately have been complaining about library service.

They have, in many cases, been backed up by teachers in elementary schools. Drawing fire are both the libraries within schools and those which are supposed to serve the general community. Each is inadequate for modern needs, they say.

ACCORDING TO A recent study of library service in the Tamalpais Union High School District, the libraries in the district's three schools are understaffed and have too few books. Several years ago, the libraries would have been considered adequate, perhaps, but teachers are using them differently now.

The students today are expected to do much more outside reading for their classes, and are given a taste of individual research. For these activities they not only need a wide selection of books and magazines, but plenty of professional help from the librarians.

At the same time, the use of public libraries in the county is rising much faster than the population. Community libraries are becoming more interested in "programs" to draw people into a habit of reading.

THE LIBRARIES are less a mere repository of books, but are joining in with educational groups to encourage such things as adult education.

But, so far, the schools and communities have not done one obvious thing. They have not gotten together to plan libraries.

Why shouldn't the general public be allowed to use school libraries, especially if the nearest high school happens to have the largest library around? And why shouldn't school libraries, or community libraries for that matter, be open more at night, especially when adult education classes are in progress?

But most important, why could not the local community and the school join together in providing some first-rate collections of books with some adequate space to sit and study or read and with some professionals working to help plan library programs?

COOPERATION between local communities and schools for recreation programs, allowing a joint use of facilities, was discussed for years in many communities, but now is a reality all over Marin County. Why couldn't something similar be done for libraries?

The questions above were recently asked of Miss Mildred G. Mateer, Redwood High School librarian. She saw numerous problems, the main one being that adult and high school student needs are different in a library, and the collections would not be the same.

However, she admitted that the reference collection would probably overlap greatly, and that librarians could handle the needs of both groups of users.

POLICING A SCHOOL ground at night, when a school library might be open, is another problem, but community libraries have also, sometimes, become "attractive nuisances." Hoodlums should not be allowed to close a library.

Of course, high schools in Marin County are spread too far apart, and may be poorly located in some cases to serve as sites for all community libraries, but they might do for some.

THERE IS ONE more argument in favor of the plan. It is often said that elderly people, on fixed incomes, vote against increasing school taxes or floating school bonds. Part of the reason, perhaps, is that these persons never go near a school, and have no personal stake in the school program, now that their own children are grown.

But many of these people do use libraries, and the joint library program might again bring these people in contact with schools.

Hopefully, miniaturization will help out in the program soon. New developments in making things small should allow large reference collections to be put in a very small space in a few years, allowing many small libraries to serve many more people more comfortably.

Of Pigs, Fish, Traffic, Eating —They're All In A Writer's Mail

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Pigs made gardening easier in ancient Egypt than it is in the suburbs now. They were walked across a prepared field and seeds dropped where their feet made an indentation.

A FEMALE CODFISH yields up to nine million eggs in a season, and if later she meets one of her children she just shrugs her gills and swims by. It is hard for her to be proud of her own, because she isn't sure that what is hers is hers.

Traffic reminder: Although most of the driving is done by day, night makes you three times as likely to be involved in a fatal accident.

How much can you eat at a time? An Australian once gulped 480 oysters in an hour. An East German sausage lover once swallowed 17 links in 90 seconds. And a Chicagoan who had no stop watch on him consumed 77 hamburgers at a sitting, and arose without hiccups.

QUOTABLE NOTABLES: "A hero is an ordinary man who is brave five minutes longer." —Ralph Waldo Emerson.

A TOOTHACHE is the same everywhere, but if you live in a large town you probably visit a dentist nearly twice as often as one who lives in a small town.

Now what do you think a funambulist is? He's a tightrope walker.

Help to the other fellow is as old as mankind. But one of the first known admonitions to human charity was expressed about 2,000 B. C. in the Hammurabic Code: "Justice be done to widows, orphans and the poor."

It was Nikita Khrushchev who observed, "Comrades, we live in a splendid time."

Today is Thursday, Otc. 22, the 296th day of 1964 with 70 to follow.

The moon is approaching its last quarter. The morning stars are Jupiter, Mars and Venus, the evening stars are Saturn and Jupiter.

On this day in history:

In 1836, General Sam Houston was sworn in as first president of the Republic of Texas.

In 1883, the Metropolitan Opera House in New York City celebrated its grand opening with a performance of Faust.

In 1953, representatives of France and the Indochinese state of Laos signed a treaty giving Laos its independence.

In 1962, President John F. Kennedy announced an arms blockade of Cuba after Soviet missiles were discovered there.

A thought for the day — George Bernard Shaw, the British playwright, said: "There is only one religion, though there are a hundred versions of it."

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Do Not Give Opponents Second Chance To Lead

The rules of the game give the defenders the right to strike the first blow. If they fail to strike in the right direction, don't give them a second chance.

Opening lead — ♡ J

West opened the jack of hearts, and declarer foolishly played the king frorm dummy. East won with the ace of hearts and shifted to the queen of clubs.

SOUTH WON

South won, drew trumps, and led the four of diamonds. West put in the jack of diamonds, and dummy's king lost to the ace.

When West got his diamond trick he could lead a club to get the setting trick.

An opening club lead would doom the contract from the start since the defenders would have time to develop and cash their club trick as well as two diamonds and a heart. The opening heart lead gave South a chance —which he threw away.

MUST PLAY LOW

South must play dummy's low heart at the first trick. East cannot afford to play the ace since South would eventually discard a club from dummy on the queen of hearts. When East plays a low heart, South's queen wins the first trick.

Declarer draws trumps and leads the four of diamonds toward dummy. If West puts up the jack, dummy's king forces out the ace. South can win the club return and lead the ten of diamonds to force out the queen.

Dummy wins the next club and cashes the nine of diamonds to give South a club discard.

PLAYS LOW

If West plays low on the first round of diamonds, declarer should put in dummy's nine. As the cards lie, this would drive out the ace, and the contract would be assured.

South would have another chance, however, even if the nine of diamonds happened to lose to the queen or jack. He would win the club return and lead his other diamond toward dummy's king.

There would still be time to develop a diamond trick if west had the ace, so there is no need to put up the king of diamonds on the first round of the suit.

DAILY QUESTION

As dealer you hold:
♠ Q 10 6 4
♥ K 5
♦ K 9 3 2
♣ A 8 4

What do you say?

Answer: Pass

You have 12 points in high cards, which a few experts find irrestible but which most experts consider not quite enough for an opening bid. You might open the bidding if your deuce of diamonds were changed to the deuce of spades for you would then have a fair 5-card major suit.

WHERE DO THEY COME FROM?

(we refer to home buyers)

- The largest percentage of home buyers (71.9%)* who buy homes in the Novato Area are ALREADY living in Marin County.
- And the PRIME MEDIUM for reaching Marin families is the Independent-Journal, COVERING 2 OUT OF EVERY 3 HOMES in the county.
- The I-J daily circulation in Marin County is GREATER than that of the San Francisco Chronicle and the Examiner COMBINED.
- In the I-J, your sales message goes where the GREATEST NUMBER of BUYERS are.
- NO WASTE — NO HIGH-PRICED SPACE GOING TO NON-PRODUCTIVE AREAS.
- The Prime Market then, for home sales, is Marin itself . . . and the I-J Classified "gets home" to the people who buy the MOST HOMES in Marin . . . Marin families themselves.
- SOURCE: "A Survey on the Origins of Home Buyers in Marin County," conducted by the Marin County Abstract and Title Company.

- And the PRIME MEDIUM for reaching Marin families is the Independent-Journal, COVERING 2 OUT OF EVERY 3 HOMES in the County.
- The I-J daily circulation in Marin County is GREATER than that of the San Francisco Chronicle and the Examiner COMBINED.
- In the I-J, your sales message goes where the GREATEST NUMBER of BUYERS are.
- NO WASTE — NO HIGH-PRICED SPACE GOING TO NON-PRODUCTIVE AREAS.
- The Prime Market then, for home sales, is Marin itself . . . and the I-J Classified "gets home" to the people who buy the MOST HOMES in Marin . . . Marin families themselves.

Indian Summer
is the time for planning next year's new way of life. If your dreams for the future include seven secluded country acres where your family can swim and fish in their own lake, learn horsemanship in their own paddock, raise vegetables, chickens, livestock, etc. We have the place. There are a rustic but snug cottage (with a snappy new roof) and miscellaneous ranch-type improvements now in place, plus a number of wonderful view sites for the home you'll want to build. Still deep in the country but only ten minutes from town, there's nothing else like this available so close to the city. For people who recognize value, it is interestingly priced at $49,000.

PG&E Starts Substation Job

A $175,000 project to increase capacity of Pacific Gas and Electric Co.'s Sausalito substation is under way, with completion scheduled in November.

District manager George M. Henderson said the firm is installing transformers which will step down electricity from 60,000 to 12,000 volts.

The project, he said, is designed to keep up with growth of the area served by the station, which includes Marin City, Marinship, and Forts Barry, Baker and Cronkhite.

Van Dyke Show Has Successful Element

By RICK du BROW

HOLLYWOOD (UPI) — There are many ways to approach the subject of man and woman. Thus, the romantic: "I Wanna Hold your Hand" — the Beatles. Thus, the not so romantic: "Women do not like timid men. Cats do not like prudent rats"—H. L. Mencken.

In last night's episode of CBS-TV's Dick Van Dyke show, the star was offered a job as humor consultant to a magazine obviously inspired by Playboy. One of his chores was to look at 13 beauties in calendar photo competition and eliminate the one he doesn't like. "I don't think she's here," said Van Dyke, and his expert line delivery made the sequence more funny than sexy. The moral is that it ain't what you do, but the way that you do it, and all of the new series that are hitting hard at the subject of sex would be well advised to study the tasteful flair that accompanies its handling on the Van Dyke show.

Proof of the Van Dyke program's success in this area is that although it has relied a fair percentage of time on variations on the theme of sex — jealousy, happier aspects and so forth — it has been so light-handed that it has hardly been noticed, and yet the ratings on the series remain high. Consider, on the other hand, the heavy approach to sex in ABC-TV's new twice - weekly soap opera, "Peyton Place."

The ratings here seem high too, and yet who can deny that "Peyton Place" is an apparent success because of what it promises, while the Van Dyke show, though not Olympian in quality, is a success because of what it delivers?

I have a frank numbness toward situation comedy programs. For the most part, they affect me as though novocaine had been injected into all worthwhile reflexes. I can't think of a major performer in such series who isn't better in a different entertainment showcase. The only reason I can imagine for voluntary watching of situation comediesi s a personal admiration for a performer involved.

I admire Van Dyke and his costars Rose Marie and Morey Amsterdam, and also producer Carl Reiner. They are all proof that in the best of the situation comedies, it is the performer who makes the situation funny, and not the other way around.

In last night's segment, Van Dyke finally turned down the consultant job, but he was pretty wonderful fumbling around and getting nervous amid the pretty girls of the magazine. He managed to insert a bit of pathos that made the sequence just right.

As a footnote, by the way, a spokesman for Playboy says the magazine is thinking of trying video syndication again with a series similar to its past Playboy's Penthouse show. He added that Playboy is also thinking of approaching a network with a series that would alternate drama, variety and documentary programs.

THE CHANNEL SWIM: Republican organizations bought a half-hour of air time on NBC-TV tomorrow, starting at 11:30 a.m. (EDT) . . . the Democrats, meanwhile, purchased a half-hour on the same network on Saturday, beginning at 8:30 p.m. (EDT), pre-empting "Kentucky Jones."

Veteran swashbuckler **Louis Hayward** plays a Wells Fargo agent on CBS-TV's "Rawhide" Nov. 13 . . . **Buddy Ebsen** hosts ABC-TV's "Hollywood Palace" Oct. 31, and **Willie Mays** is among his guests . . . **Betty Grable** is the "Hollywood Palace" hostess Saturday, and her husband, **Harry James,** is one of the performers.

Actor **Paul Scofield** replaces **Sir Alec Guinness** as narrator of NBC-TV's Nov. 30 documentary, "The Other World of Winston Churchill," based on the statesman's book "Painting as a Pastime" . . . **Red Skelton's** previously - announced show from London, complete with tour, finally airs on CBS-TV Nov. 10.

ABC-TV's National Basketball Assn. broadcasts, which are set for Sunday afternoons starting Jan. 3, will have **Bob Cousy,** the brilliant former Boston Celtics star, as commentator . . . plans call for 16 NBA telecasts, 12 during the regular season and four championship contests.

Ex-Marinite May Gain Video Fame

Former Marinite Les Crane has been tagged "Television's new bad boy," by Look magazine in a feature article this week.

Crane, who has been doing a program in New York since leaving his controversial call-in program on KGO radio and TV, starts a network show on ABC television starting Nov. 9. The show will go on five nights a week opposite NBC's Johnny Carson and Steve Allen's syndicated series.

Look said Crane has "no discernible talent," but credits him with a "sharp and facile tongue," and says he is a "sizzling challenger for first place with late-night network audiences this season."

APPLE BLOSSOMS IN OCTOBER

The young apple tree blooming in the yard of Col. and Mrs. Donald D. Smith of 214 Meda Lane, Strawberry, doesn't know it's October. With most apple trees ending their growing period for the winter, the Smiths' tree has burst into blossoms, apparently having been confused by the unusually long summer-like weather and high temperatures.

Festival Theater Opening New Season With 'Clowns'

Festival Theater opens the 1964-65 season tomorrow at 2 Kensington Road, San Anselmo, with a production of the Herb Gardner comedy "A Thousand Clowns."

Playing in the story of a nonconformist New York television writer will be Louis Bennett, Marjorie Casebier, Bob Chiappari, Bob Wood and 13-year-old Douglas Gower.

Elizabeth Fuller is director of the production and Tom Borden, set designer.

The comedy will play Wednesdays, Fridays, Saturdays and Sundays through Dec. 6 with curtain time at 8:30 p.m. except Sundays when it starts at 7:30 p.m.

School Directory Set At Terra Linda

Production of a student telephone number and address directory is under way at Terra Linda High School under direction of Carolyn Kutlik.

The directors will contain the names, addresses and telephone numbers of students who wish to be listed. They will be sold at a nominal price to pay for the cost of printing, Miss Kutlik said.

Teacher Digs Heart Of Subject Matter

ARCHAEOLOGY PROFESSOR—Kyle M. Yates Jr. is using knowledge gained in Jordan last summer in his classes at Golden Gate Baptist Theological Seminary at Strawberry. Yates had charge of an excavation plot at Shechem in Jordan, and in this photo scrapes away earth at the bottom of the "dig" which reached to 34 feet.

Kyle M. Yates Jr. is giving his students at Golden Gate Baptist Theological Seminary some first-hand information on what life was like in Biblical times.

Yates has returned from an archeological expedition this summer in Jordan, where each foot of digging into the earth turned back time hundreds or thousands of years.

The professor had charge of one of many plots of earth five-by-five meters which went more than 30 feet down — and up to 4,000 years back into the history of Shechem, an ancient city associated with Biblical history, the time of Alexander the Great, Romans and Greeks.

Shechem is about 40 miles north of Jerusalem and about a half mile west of "Jacob's Well." It is a strategically located city on a trade route between two mountains, Yates explained. Today an Arab village covers much of the site of what once was a fortified city.

Patterns of the life of peoples who occupied the city were glimpsed through items found on the site, Yates said, such as sling stones used by soldiers and hunters, tall-standing stones used in pre-Israelite worship, beads, cosmetic palates, fragments of vessels, grinding stones, incense stands.

Every rock, every wall that's uncovered, every object found" has meaning, Yates said, and each item or structure found was drawn and plotted on a map of the site, photographed and measured to provide lasting information.

Yates last year had a sabbatical leave from his teaching of Old Testament and archeology at the seminary in Strawberry. He did preliminary studies at Harvard University, then spent the summer on the expedition sponsored by Harvard, Drew University in New Jersey, and McCormick Presbyterian Seminary in Chicago.

Yates has taught at the seminary for 12 years, after being graduated from Wake Forest (N.C.) University with a bachelor of science degree, studying archeology and philosophy at the Universities of Edinburgh and Manchester, and completing theological studies at the Baptist Seminary in Louisville, Ky. He resides with his family at 100 Meadowcroft Drive, San Anselmo.

His life on the expedition site in Jordan was an abrupt change from the seminary teaching. At Shechem, archeologists arose at 4 a.m. from the tent in which they lived near the site, and worked at the excavation until early afternoon when the heat became most intense. The afternoon was spent recording the finds of the morning.

Yates lost 22 pounds under the rigors of work and Arab food.

He went on the expedition to "get away from the classification as an armchair archeologist."

If beavers did not wear down their incisors by gnawing wood, these fast-growing teeth would prop their mouths open.

In this day and age...

SHOULD GARAGES BE FORCED TO HIRE BLACKSMITHS?

No more than railroads should be forced to hire firemen on diesel freight locomotives where there are no fires to tend nor coal to shovel.

It would cost *you* money every time your car was in the garage if garages had to hire featherbedding blacksmiths.

And it costs *you* money every day in higher freight rates on the food and goods you buy because an old horse-and-buggy-days law requires California railroads to hire featherbedding firemen.

Proposition 17 repeals that costly, outmoded law. Proposition 17 makes it possible for California to put into effect the national transportation settlements—worked out by Congress and Presidents EISENHOWER, KENNEDY and JOHNSON—which eliminate wasteful featherbedding in the railroad industry under terms that insure maximum job protection, yet retain two men in the cab of all trains.

Keep California competitive...
